

# NECK SIZING DIES - NECK SIZING DIE 6.5X68MM S

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instructions for Redding Neck Sizing Die 6.5x68mm S

## Introduction

Thank you for purchasing the Redding Neck Sizing Die 6.5x68mm S. This product is designed to enhance the accuracy and longevity of your bottleneck cases. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all safety measures are followed when using the neck sizing die.
- Always inspect the die for any visible damage before use.
- Use the die only for its intended purpose: neck sizing of bottleneck cases.
- Store the die in a safe and dry place, away from children and pets.
- Follow all local regulations and guidelines regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware that improper use of the die can lead to inaccurate ammunition and potential firearm malfunctions.
- **Personal Protective Equipment:** Wear safety glasses to protect your eyes from any debris during the reloading process.
- **Work Area:** Ensure that your work area is welllit and free of distractions to maintain focus while using the die.
- **Tool Maintenance:** Regularly clean and maintain the die to ensure optimal performance and safety.
- **Interchange Warning:** Do not interchange fired cases between different rifles, as this can lead to safety risks. The neck sizing die does not size the shoulder or body of the case.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the neck sizing die in your reloading press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during use.

### 2. Usage:

- Prepare your fired brass cases by cleaning them to remove any dirt or debris.
- Insert the brass case into the neck sizing die.
- Follow the specific instructions for your reloading press to size the neck of the case.
- After sizing, remove the case and inspect it for proper sizing and any signs of damage.
- Store unused dies in a protective case to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn dies according to local regulations.
- Do not throw dies in regular household waste. Check with local recycling centers for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support regarding the Redding Neck Sizing Die, please refer to the contact information provided in your product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure safe and effective use of the Redding Neck Sizing Die 6.5x68mm S. Always prioritize safety and compliance with local regulations while reloading ammunition. Thank you for choosing Redding products for your reloading needs.
