Safety Instruction Guide for FULL LENGTH SIZING DIES REDDING FULL LENGTH SIZING DIE 6.5308 WIN

Introduction

Thank you for choosing the Redding Full Length Sizing Die for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read this document carefully before using the product to minimize risks and ensure a safe reloading experience.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling reloading equipment and components.
- Keep the workspace clean and organized to prevent accidents and misplacement of small parts.
- Ensure proper ventilation in your workspace to avoid inhalation of any dust or fumes.
- Store the dies and other reloading components in a safe, dry place, out of reach of children and pets.
- Regularly inspect the dies for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and usage.

Specific Safety Precautions for Use

- Use the die only for its intended purpose: sizing 6.5308 Winchester cartridges.
- Always refer to the manufacturer's instructions for setup and usage.
- Use a headspace gauge when setting up the die to ensure proper cartridge dimensions.
- Avoid overtightening the die when installing it in the reloading press, as this may cause damage.
- Do not exceed recommended load limits or use inappropriate components when reloading ammunition.
- If you experience any unusual resistance or difficulty while using the die, stop immediately and assess the situation.
- In case of a malfunction or injury, seek immediate assistance and report the incident to the relevant authorities.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Clean the die and the reloading press threads before installation.
- Screw the sizing die into the press until it is snug, but avoid overtightening.
- Adjust the die according to the manufacturer's instructions to achieve the desired cartridge size.

2. Usage:

- Insert the cartridge case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the sizing die.
- Apply smooth, even pressure to size the case fully.
- After sizing, lower the ram and remove the case from the shell holder.
- Inspect the sized case for any defects or irregularities before proceeding with the next steps in the reloading process.

Disposal Instructions

- Dispose of any damaged or unusable dies and components in accordance with local waste management regulations.
- Recycle materials where possible, such as metal and plastic components.
- Do not dispose of ammunition or reloading components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Redding Full Length Sizing Die, please reach out to the manufacturer or your local retailer for assistance. Ensure you have the product details at hand for a more efficient inquiry.

By following these safety guidelines and instructions, you will ensure a safe and effective reloading experience with your Redding Full Length Sizing Die. Thank you for prioritizing safety in your reloading practices.
