

NECK SIZING DIES - REDDING NECK SIZING DIE 30 REM BR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for Redding Neck Sizing Die 30 Rem BR

Introduction

Thank you for choosing the Redding Neck Sizing Die 30 Rem BR. This product is designed to help you size the necks of your bottleneck cases, enhancing the longevity of your brass and improving accuracy. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that all tools and equipment used with this product are in good working condition.
- Always work in a wellventilated area to avoid inhaling any dust or particles generated during use.
- Keep the work area clean and organized to prevent accidents and injuries.
- Use appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using this product.
- Be aware of your surroundings and ensure that no unauthorized persons are nearby while operating the equipment.

Specific Safety Precautions for Use

- **Avoid Interchanging Fired Cases:** Never interchange fired cases between different rifles, as neck sizing dies do not size the shoulder or body of the cases.
- **Handle with Care:** The dies are precision tools. Handle them carefully to avoid damage and ensure accurate functioning.
- **Regular Inspection:** Regularly inspect the die for any signs of wear or damage. If any issues are found, discontinue use immediately and seek replacement.
- **Keep Out of Reach of Children:** This product is not intended for use by children. Store it in a safe place away from their reach.
- **Follow Manufacturer Instructions:** Always refer to the manufacturer's instructions for specific guidance on usage and maintenance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the work area is clean and free from clutter.

2. Installation:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Make sure the die is properly aligned and tightened to prevent movement during use.

3. Usage:

- Insert the fired case into the die.
- Operate the press to size the neck of the case. Ensure even pressure is applied.
- Remove the sized case and inspect it for proper sizing.
- Repeat the process for additional cases as needed.

4. PostUsage:

- Clean the die after use to remove any brass shavings or residue.
- Store the die in a protective case or container to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Recycle any metal components if possible.
- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For any inquiries regarding safety or usage of this product, please refer to the contact information provided on the packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience while using the Redding Neck Sizing Die 30 Rem BR. Thank you for your attention to these important guidelines.
