

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 243 WSSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 243 WSSM](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007699
- Mfr. No.: 56270

Safety Instruction Guide for Redding Competition Bushing Neck Die 243 WSSM

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 243 WSSM. This product is designed for precision reloading and is intended for use by competition shooters who have prepared their cartridge cases. Please read this safety instruction guide thoroughly to ensure safe and effective use of the die.

General Safety Guidelines

- Ensure the die is used only for its intended purpose as specified in this guide.
- Always wear appropriate safety gear, including safety glasses, when using the die.
- Keep the die and all reloading equipment out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Report any unsafe product incidents or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper use can lead to misfires or damage to the cartridge case.
- Sharp edges may cause cuts or injuries.

- **Avoiding Hazards:**

- Always ensure the cartridge case is properly aligned and supported before resizing.
- Do not exceed the maximum recommended pressure for the cartridge.
- Use the die in a well-ventilated area to avoid inhaling any dust or particles.
- Do not attempt to modify the die or its components.

- **Age-Specific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted to a stable work surface.
- Insert the Redding Competition Bushing Neck Die into the press according to the manufacturer's instructions.
- Adjust the die to the desired height for proper cartridge case sizing.

2. Usage:

- Begin by selecting the appropriate sizing bushing for your cartridge case.
- Place the cartridge case into the die's sliding sleeve, ensuring it is fully supported.
- Start the resizing process by applying upward pressure on the press handle.
- Monitor the alignment of the cartridge case as it moves through the die.
- Use the micrometer adjustment to achieve the desired neck length.
- After resizing, carefully remove the cartridge case from the die.

3. **PostUsage:**

- Clean the die after each use to prevent residue buildup.
- Store the die in a safe and dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or wornout components of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs that accept metal components.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Redding Competition Bushing Neck Die 243 WSSM, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for your attention to these safety guidelines. Proper use and maintenance of your Redding Competition Bushing Neck Die will ensure a safe and effective reloading experience.
