

COMPETITION SEATER DIES - REDDING 7MM REMINGTON SAUM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding 7mm Remington SAUM Bullet Seating Die

Introduction

Thank you for choosing the Redding Competition Seater Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe use of your bullet seating die. Please read this manual thoroughly before use to familiarize yourself with safety precautions and operational instructions.

General Safety Guidelines

- Ensure that this product is used only for its intended purpose as a bullet seating die for 7mm Remington SAUM cartridges.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the bullet seating die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding reloading ammunition.
- Store the die in a dry, secure location when not in use to prevent unauthorized access.

Specific Safety Precautions for Use

- Before using the die, ensure that your reloading press is securely mounted and stable.
- Always doublecheck the cartridge specifications to ensure compatibility with the die.
- Avoid overtightening the die in the press, which could lead to damage or malfunction.
- Use the micrometeradjustable feature carefully to avoid incorrect seating depth, which can affect the performance of the ammunition.
- Be cautious of sharp edges on the die and other reloading components.
- Maintain a clean workspace to minimize the risk of accidents.

Instructions for Installation and Usage

Installation

1. **Prepare the Reloading Press:** Ensure that your reloading press is clean and securely attached to a stable surface.
2. **Insert the Die:**
 - Thread the Redding Competition Seater Die into the reloading press using a clockwise motion.
 - Do not overtighten; snug is sufficient.
3. **Set the Seating Depth:**
 - Use the micrometer adjustment to set your desired seating depth.
 - Make sure to zero the micrometer if necessary.

Usage

1. **Prepare the Cartridge Case:** Ensure that the cartridge case is clean and correctly sized for 7mm Remington SAUM.
2. **Insert the Bullet:** Place the bullet into the case mouth.
3. **Seating the Bullet:**
 - Slowly pull the handle of the reloading press to seat the bullet.
 - Monitor the seating depth using the micrometer to ensure precision.
4. **Inspect the Finished Cartridge:** Check that the bullet is seated to the correct depth and that the cartridge is free of defects.

Disposal Instructions

- Dispose of any defective or damaged components according to local regulations.
- Do not throw the die or any metal parts in regular trash. Check for recycling options in your area.
- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Seater Dies or safety inquiries, please refer to the manufacturer's contact information provided with your product.

By following these guidelines, you contribute to a safer reloading experience. Always prioritize safety and remain informed about best practices in ammunition reloading. Thank you for your attention to these important safety instructions.
