

COMPETITION SEATER DIES - 280 ACKLEY IMPROVED BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies 280 Ackley Improved Bullet Seating Die

Introduction

Thank you for choosing the Redding Competition Seater Dies 280 Ackley Improved Bullet Seating Die. This product is designed to provide precise bullet seating for your reloading needs. This guide contains important safety instructions and guidelines to ensure your safe and effective use of this product.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Use the product only for its intended purpose: bullet seating for 280 Ackley Improved cartridges.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for signs of wear or damage. Do not use if damaged.
- Store the product in a safe, dry place when not in use.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate safety gear, including safety glasses, when using this product.
- Do not exceed the recommended seating depth adjustments to avoid potential hazards.
- Be cautious of the sliding chamber; ensure that it is clean and free of debris to maintain smooth operation.
- Always keep your hands clear of moving parts during operation.
- Use the zero set feature to ensure accurate adjustments before beginning the seating process.
- Do not modify the product in any way that could compromise its safety or functionality.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is compatible with 7/814 dies.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position for bullet seating.

2. Usage

- Set the micrometer to your preferred seating depth using the zero set feature.
- Insert the cartridge case into the sliding chamber of the die.
- Place the bullet on top of the cartridge case.
- Pull the handle of the reloading press to seat the bullet into the cartridge case.
- Check the seating depth using a caliper to ensure accuracy.
- Repeat the process as needed for additional cartridges.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw the product in regular household waste. Check for recycling options or designated disposal sites for reloading materials.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer's website or contact their customer support team. Ensure that you have the product model and details ready for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of the Redding Competition Seater Dies 280 Ackley Improved Bullet Seating Die. Thank you for prioritizing safety in your reloading practices.
