

SINCLAIR BENCH MOUNT SCOPE STAND - SPOTTING SCOPE BENCH MOUNT STAND

[Home](#)

Our bench spotting scope stand employs two large clamping plates to lock the stand securely to the bench. A bench thickness of one fourth inch to 12 inches is easily accommodated. The scope mounting head moves smoothly up and down on the 18 inch stainless steel shaft for proper scope height adjustment. The head locks in place with a comfortable knob and contoured locking piece. The scope mounting head incorporates a double spring loaded adjusting mechanism which permits easy target acquisition. The scope mounting surface is designed to mount one fourth to 20 threaded scopes with a mating surface of 1 to three fourths by 2 to one fourth inch or less (almost all field and spotting scopes with threaded mounts). We usually mount the scope to the left side of the bench so all we have to do is move our head off the riflescope to view the results of our shooting. If you shoot off the bench using open sights or lower powered scopes, this is a piece of equipment that puts your spotting scope to great use.

SINCLAIR BENCH MOUNT SCOPE STAND SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the SINCLAIR Bench Mount Scope Stand. This product is designed to enhance your shooting experience by providing a stable and adjustable platform for your spotting scope. To ensure safe and effective use, please read and follow all safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the stand before use to ensure it is in good condition.
- Keep the stand out of reach of children and pets to prevent accidents.
- Do not use the stand if it shows signs of damage or wear.
- Ensure that the bench or surface where the stand is mounted is stable and secure.
- Follow all local laws and regulations related to the use of firearms and shooting equipment.

Specific Safety Precautions for Use

- Ensure the bench thickness is between one-fourth inch and 12 inches for proper mounting.
- When adjusting the height of the scope mounting head, do so slowly to avoid sudden movements.
- Lock the scope mounting head securely in place using the knob and contoured locking piece before use.
- Do not exceed the weight limit of the stand. Ensure that the mounted scope does not exceed the recommended specifications.
- When using the stand, maintain a safe distance from the shooting area and ensure that others are aware of your activities.
- If using the stand with open sights or lower-powered scopes, be cautious of your positioning to avoid accidents.

Instructions for Installation and Usage

1. Installation:

- Place the stand on a stable bench or surface.
- Adjust the clamping plates to fit the thickness of the bench, ensuring a secure fit.
- Tighten the clamping plates until the stand is firmly attached and does not move.

2. Scope Mounting:

- Attach your spotting scope to the mounting surface using the one-fourth to 20 threaded connection.
- Ensure that the mating surface dimensions (1 to three-fourths by 2 to one-fourth inch) are suitable for your scope.
- Adjust the scope mounting head to the desired height by moving it up or down along the stainless steel shaft.

3. Usage:

- Once the scope is mounted and the head is locked in place, position yourself comfortably to view through the scope.
- If you need to check your shooting results, simply move your head off the riflescope while maintaining a safe position.
- After use, always ensure that the scope is securely locked in place before leaving the area.

Disposal Instructions

- Dispose of the product in accordance with local regulations for nonfood items.
- Consider recycling materials where possible to minimize environmental impact.
- Do not dispose of the product in regular household waste if it contains any electronic components.

Contact Information for Further Support

For any questions or concerns regarding the SINCLAIR Bench Mount Scope Stand, please refer to the manufacturer's contact information provided in the product packaging. Your safety and satisfaction are important to us.

Thank you for following these safety guidelines. Enjoy your shooting experience with the SINCLAIR Bench Mount Scope Stand!
