

# TYPE S MATCH BUSHING FULL DIE SETS - 308 WINCHESTER BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

# Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS 308 WINCHESTER

## Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die set to avoid any potential hazards.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is to resize and seat bullets for 308 Winchester cartridges.
- Always wear appropriate safety gear, including safety glasses, when operating reloading equipment.
- Keep the die set and all reloading materials out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and storage of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The resizing process can generate metal shavings and debris. Ensure your workspace is clean and free of obstructions.
  - Improper handling of reloading components may lead to accidental discharge or misfires. Handle all components with care.
- **Avoiding Hazards:**
  - Always doublecheck that the die set is properly secured to your reloading press before use.
  - Do not exceed the recommended load specifications for 308 Winchester cartridges. Refer to reliable reloading manuals for guidance.
  - Keep fingers and other body parts clear of the die set during operation.
- **Age Specific Warnings:**
  - This product is not intended for use by individuals under the age of 18. Ensure that all users are of legal age and have appropriate training.

## Instructions for Installation and Usage

- **Installation:**
  1. Clean your reloading press to remove any debris or contaminants.
  2. Securely attach the Type S Bushing Full Sizing Die to your reloading press, ensuring it is tightened according to the manufacturer's specifications.
  3. Insert the appropriate bushing for your desired neck tension into the die.
  4. Attach the Competition Bullet Seating Die to the press, ensuring it is also securely fastened.
- **Usage:**
  1. Prepare your cartridge cases by cleaning and inspecting them for damage.
  2. Insert a cartridge case into the sizing die and operate the press to resize the case.
  3. Adjust the micrometer on the Competition Bullet Seating Die to your desired bullet seating depth.
  4. Place a bullet on top of the resized case and operate the press to seat the bullet.

## **Disposal Instructions**

- Dispose of any metal shavings, debris, or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Follow your local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Redding Type S Match Bushing Full Die Set, please refer to the manufacturer's website or customer support resources for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with the Redding Type S Match Bushing Full Die Set. Always prioritize safety and adhere to local regulations when using reloading equipment. Thank you for your attention to these important guidelines.
