

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 300 WSM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS REDDING 300 WSM BUSHING FULL LENGTH DIE SET

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to resize and seat bullets for the 300 WSM cartridge.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Inspect the die set for any damage before use. Do not use if any components are damaged.
- Store the die set in a dry and secure location when not in use.

Specific Safety Precautions for Use

- Avoid overtightening the die set when installing it in your reloading press, as this can cause damage.
- Use the correct bushing size for your specific needs to prevent excessive neck tension or sizing issues.
- Ensure that the seating die is properly adjusted before use to avoid bullet seating inconsistencies.
- Do not exceed recommended load data when reloading ammunition.
- Always follow the manufacturer's instructions for the reloading press and components used in conjunction with this die set.

Instructions for Installation and Usage

1. Installation:

- Remove the die set from its packaging and inspect for any visible damage.
- Select the appropriate bushing for your desired neck tension.
- Install the Type S Bushing Full Sizing Die into your reloading press according to the press manufacturer's instructions.
- Secure the die in place without overtightening.
- Install the Competition Bullet Seating Die in the same manner.

2. Usage:

- Begin by resizing your brass cases using the Type S Bushing Full Sizing Die.
- Adjust the bushing as needed to achieve the desired neck tension.
- After resizing, use the Competition Bullet Seating Die to seat the bullets.
- Adjust the micrometer on the seating die to ensure precise bullet seating depth.
- Inspect each round for consistency and quality.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations for hazardous waste.
- Recycle packaging materials where possible.

- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Type S Match Bushing Full Die Set, please reach out to the designated EU contact point provided with your product documentation.

Conclusion

Following these safety guidelines and instructions will help ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Always prioritize safety and compliance with local regulations when handling and using reloading equipment. Thank you for your attention to these important safety measures.
