

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 300 WINCHESTER MAGNUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS REDDING 300 WINCHESTER MAGNUM BUSHING FULL LENGTH DIE SET

Introduction

Thank you for purchasing the Redding Type S Match Full Length Die Set for the 300 Winchester Magnum. This product is designed to provide you with precision reloading capabilities. To ensure your safety and the proper use of this product, please read and follow the instructions outlined in this guide.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the die set.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Store the die set in a dry, secure location away from children and pets.
- Regularly inspect the die set for any signs of wear or damage before each use.
- If you experience any issues or have concerns about the die set, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Only use the die set with compatible cartridges, specifically the 300 Winchester Magnum.
- Avoid overtightening the dies; follow the manufacturer's recommended torque specifications.
- Ensure that the reloading press is stable and secure before beginning the reloading process.
- Keep all components of the reloading setup organized and free from clutter to avoid accidents.
- Do not attempt to modify or alter the die set in any way, as this may compromise safety.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Begin by cleaning the reloading press and ensuring it is free of debris.
- Select the appropriate die for your reloading process (sizing, seating, etc.).
- Carefully screw the die into the reloading press until it is snug but not overly tight.
- Lock the die in place using the locking ring provided.

2. Usage Instructions:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Follow the reloading data specific to the 300 Winchester Magnum to determine the correct powder charge and bullet seating depth.
- Place the brass case into the reloading press and operate the press according to the manufacturer's instructions.
- After reloading, check each round for proper seating and crimping.

3. PostUsage Care:

- Clean the die set after each use to remove any residue or debris.
- Store the die set in its original packaging or a designated storage case to protect it from damage.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of reloading materials (such as spent primers, powder, or brass) in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries regarding the Redding Type S Match Full Length Die Set, please consult the product packaging for the appropriate contact information. It is important to reach out to the manufacturer for any safety concerns or product-related questions.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Full Length Die Set for the 300 Winchester Magnum. Always prioritize safety and seek assistance if you are unsure about any aspect of the reloading process. Thank you for choosing Redding products.
