

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 300 REMINGTON SAUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS REDDING 300 REMINGTON SAUM BUSHING FULL LENGTH DIE SET

Introduction

Thank you for choosing the TYPE S MATCH BUSHING FULL DIE SETS for your reloading needs. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read and follow all instructions carefully to minimize risks associated with reloading ammunition.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Use the die set only for its intended purpose: reloading ammunition for the 300 Remington SA Ultra Mag cartridge.
- Inspect all tools and components for damage before use; do not use damaged items.
- Ensure that your workspace is clean, organized, and free from distractions.
- Wear appropriate safety gear, including protective eyewear and gloves, when handling reloading materials.

Specific Safety Precautions for Use

- Ensure that you are familiar with the reloading process and have received proper training if necessary.
- Use only recommended powders and primers for the 300 Remington SA Ultra Mag cartridge.
- Avoid overloading cartridges; adhere to published load data and specifications.
- Store all reloading components in a cool, dry place away from heat sources and open flames.
- Never smoke or use open flames in the vicinity of reloading operations.
- Be aware of your surroundings and ensure that no one else is in the immediate area while reloading.

Instructions for Installation and Usage

1. Unboxing the Die Set

- Carefully remove the die set from its packaging.
- Inspect all components for any signs of damage or defects.

2. Setting Up Your Reloading Press

- Follow the manufacturer's instructions for setting up your reloading press.
- Ensure that the press is securely mounted to a stable workbench.

3. Installing the Die Set

- Install the fulllength die into the press according to the manufacturer's instructions.
- Adjust the die to the correct position for resizing cases.

4. Reloading Process

- Start by cleaning and inspecting your brass cases.

- Resize the cases using the fulllength die.
- Insert the primer and charge the case with powder as per load data.
- Seat the bullet using the bullet seating die.
- Inspect each completed round for quality and safety.

5. PostReloading Procedures

- Store completed ammunition in a designated, labeled container.
- Clean your tools and workspace after use.

Disposal Instructions

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash.
- Contact local waste disposal authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the TYPE S MATCH BUSHING FULL DIE SETS, please refer to your local distributor or retailer for assistance. They can provide you with the necessary support and information.

Conclusion

By following these safety instructions and guidelines, you can ensure a safer reloading experience with the TYPE S MATCH BUSHING FULL DIE SETS REDDING 300 REMINGTON SAUM BUSHING FULL LENGTH DIE SET. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety measures.
