

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 6MM BR BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Full Length Die Set, 6mm BR

Introduction

Thank you for choosing the Redding Type S Match Full Length Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always handle reloading equipment with care to prevent accidents.
- Ensure the workspace is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die set.
- Keep the die set and all reloading components out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with your specific reloading press.
- Follow the manufacturer's instructions for setting up and using the die set.
- Do not exceed recommended load data when reloading ammunition.
- Avoid using damaged or worn components, as they may lead to unsafe conditions.
- Store all reloading materials, including the die set, in a safe and secure location.

Instructions for Installation and Usage

1. Unpacking the Die Set

- Carefully remove the die set from its packaging.
- Inspect all components for any visible damage or defects.

2. Setting Up the Die Set

- Refer to the manufacturer's instructions for specific setup procedures.
- Install the resizing die into your reloading press according to the manufacturer's guidelines.
- Adjust the die to the desired height, ensuring it is securely tightened in place.

3. Reloading Process

- Begin by preparing your brass cases according to standard reloading practices.
- Insert the brass case into the shell holder and raise the ram to engage the resizing die.
- Follow the appropriate reloading steps, including priming, powder charging, and bullet seating, as per your reloading manual.

4. PostUse Care

- After reloading, clean the die set to remove any residue or debris.
- Store the die set in a dry and secure location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Follow local guidelines for the safe disposal of hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Type S Match Full Length Die Set, please refer to the manufacturer's contact information provided with your product.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Full Length Die Set. Always prioritize safety and adhere to the guidelines outlined in this document.
