

# TYPE S MATCH BUSHING FULL DIE SETS - 260 REMINGTON BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

# Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS 260 REMINGTON

## Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This product is designed for precision reloading and offers advanced features for optimal performance. It is essential to use this product safely and correctly to ensure your safety and the proper functioning of your equipment.

## General Safety Guidelines

- Always read and understand all instructions before using the die set.
- Ensure that the die set is used in a wellventilated area.
- Keep the die set and all components out of reach of children and pets.
- Regularly inspect the die set for any signs of damage or wear before use.
- Do not modify the die set or its components in any way.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper handling of reloading equipment can lead to accidents or injuries.
- Ensure that all components are compatible and correctly assembled before use.

- **Avoiding Hazards:**

- Always wear appropriate safety gear, such as safety glasses and gloves, when using the die set.
- Do not exceed the recommended load specifications for the 260 Remington cartridge.
- Handle all materials, including primers and powders, with care and follow all safety guidelines specific to those materials.
- Ensure that the workspace is free of clutter and distractions to maintain focus while reloading.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is clean and free of debris.
2. Install the Type S Bushing Full Sizing Die into the reloading press according to the manufacturer's instructions.
3. Select and install the appropriate bushing for your desired neck tension.
4. Install the Competition Bullet Seating Die in the same manner.

- **Usage:**

1. Begin by resizing the brass cases using the Type S Bushing Full Sizing Die.
2. Adjust the bushing to achieve the desired neck tension.
3. Use the Competition Bullet Seating Die to seat bullets to the desired depth, utilizing the micrometer for precision.
4. Regularly check for concentricity and make adjustments as needed.

## **Disposal Instructions**

- Dispose of any unused or expired components in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Follow local guidelines for the safe disposal of such materials.
- Recycle any metal components when possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Type S Match Bushing Full Die Set, please reach out to the appropriate support channels available within your region. Ensure that you have the product details on hand for efficient assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Type S Match Bushing Full Die Set. Thank you for your attention to safety.
