

TYPE S MATCH BUSHING FULL DIE SETS - 222 REMINGTON BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for TYPE S MATCH BUSHING FULL DIE SETS 222 REMINGTON

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set for your reloading needs. This guide is designed to ensure your safety and help you use the product effectively. Please read this manual carefully before use.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use and handling of the die set.
- Ensure that the workspace is clean and organized to prevent accidents.
- Wear appropriate safety gear, including safety glasses and gloves, to protect against potential hazards.
- Keep the die set and all tools out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear before use.
- Be aware of your surroundings when using the die set, ensuring that no distractions are present.

Specific Safety Precautions for Use

- The Type S Bushing Full Die Set is designed for use with the .222 Remington cartridge only. Do not use with other cartridges.
- Ensure that the bushing is securely in place before resizing the case.
- Avoid excessive force when resizing cases to prevent damage to the die or the case.
- Always check the dimensions of the resized cases to ensure they meet safety standards.
- Use the micrometer on the Competition Bullet Seating Die to adjust settings carefully and avoid overseating the bullet.
- Be cautious of sharp edges on the die set; handle with care to avoid cuts or injuries.

Instructions for Installation and Usage

1. Setup:

- Place the Type S Bushing Full Die in a reloading press that is compatible with standard die threads.
- Secure the die in the press and ensure it is tightened properly.

2. Bushing Selection:

- Choose the appropriate bushing size for your desired neck tension. Interchangeable bushings are available for customization.
- To change the bushing, loosen the bushing retaining screw, remove the old bushing, and insert the new one. Tighten the screw securely.

3. Resizing Cases:

- Insert the .222 Remington case into the die.
- Pull the press handle down smoothly to resize the case. Ensure that the case is fully inserted into the die.
- Inspect the resized case for any defects before proceeding.

4. Seating Bullets:

- Place a bullet into the mouth of the resized case.

- Adjust the micrometer on the Competition Bullet Seating Die to the desired seating depth.
- Insert the case with the bullet into the die and pull the press handle down to seat the bullet. Ensure smooth operation without excessive force.

5. Final Inspection:

- After reloading, inspect each cartridge for proper sizing and bullet seating.
- Store completed cartridges in a safe and secure manner.

Disposal Instructions

- Dispose of any damaged or worn out components of the die set in accordance with local regulations.
- Do not throw away the die set with regular household waste. Instead, check with local authorities for proper disposal methods for metal and plastic materials.

Contact Information for Further Support

For any questions or concerns regarding the Redding Type S Match Bushing Full Die Set, please contact your local Redding distributor or authorized retailer. They can provide further assistance and support.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Type S Match Bushing Full Die Set. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
