

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 250 SAVAGE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 250 SAVAGE](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007932
- Mfr. No.: 56122
- Cartridge: 250 Savage
- Die Style: Neck Die
- Delivery weight: 0.476kg
- Shipping height: 41mm
- Shipping width: 112mm
- Shipping length: 152mm
- UPC: 611760561221

# Safety Instruction Guide for Redding Competition Bushing Neck Die 250 Savage

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the die.

## General Safety Guidelines

- Always use the die according to the manufacturer's instructions.
- Ensure that the work area is clean and free of obstructions.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the die and all reloading materials out of reach of children and unauthorized users.
- Report any unsafe products or accidents immediately to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Risk of injury from sharp edges or moving parts.
- Potential exposure to lead and other hazardous materials during reloading.

- **Avoiding Hazards:**

- Handle the die with care to avoid cuts or pinches.
- Ensure that you are in a wellventilated area to minimize inhalation of any dust or particles.
- Do not use the die if it appears damaged or malfunctioning.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Follow the manufacturer's instructions to properly install the die into the press.
- Adjust the die to the desired position according to the specifications provided in the product manual.

### 2. Usage:

- Prepare your cartridge cases according to the specifications for the 250 Savage caliber.
- Insert the cartridge case into the die and ensure it is properly aligned.
- Begin the sizing process by operating the press smoothly and steadily.
- Monitor the process closely to ensure that the cartridge case is supported and aligned at all times.
- Make micrometer adjustments as needed to achieve the desired neck length.
- After use, clean the die to remove any debris or residues.

## **Disposal Instructions**

- Dispose of any used materials, including spent primers and excess powder, according to local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods for metal and hazardous materials.

## **Contact Information for Further Support**

For any inquiries or additional support regarding the Redding Competition Bushing Neck Die, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective reloading experience.
