Safety Instruction Guide for TYPE S BUSHING NECK DIE SETS REDDING 20 TACTICAL BUSHING NECK DIE SET

Introduction

Thank you for choosing the Type S Bushing Neck Die Set by Redding. This product is designed to provide reloaders with a reliable method for controlling case neck size and tension. To ensure your safety and the proper functioning of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always follow the manufacturer's instructions when using this product.
- Keep the die set out of reach of children and unauthorized users.
- Inspect the die set for any damage before use. Do not use if damaged.
- Use the die set only for its intended purpose, which is reloading ammunition for the 20 Tactical cartridge.
- Store the die set in a cool, dry place to prevent corrosion and damage.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses when reloading.
- Ensure that your workspace is clean and free of distractions while using the die set.
- Handle all reloading components, including primers and powder, with care to avoid accidental ignition.
- Keep the area wellventilated to prevent the accumulation of fumes.
- Never exceed recommended load data when reloading ammunition.
- Be aware of the legal requirements for reloading ammunition in your area.

Instructions for Installation and Usage

1. Unpacking the Die Set

- Carefully remove the die set from its packaging.
- Check all components: Type S Bushing Neck Die, Body Die, wrench, and extra decapping pin.
- Ensure all parts are intact and free from damage.

2. Setting Up the Die Set

- Secure the dies in your reloading press according to the manufacturer's instructions.
- Adjust the die height to achieve the desired neck size and tension.
- Use the wrench provided to tighten the dies securely in place.

3. Reloading Process

- Start by resizing the cases using the Body Die.
- Insert the appropriate bushing into the Type S Bushing Neck Die to control neck tension.
- Follow the recommended reloading data for the 20 Tactical cartridge.
- Always doublecheck measurements before proceeding to the next step.

4. PostUse Care

- Clean the dies after each use to prevent buildup of residue.

- Store the die set in its original box to protect it from dust and damage.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Type S Bushing Neck Die Set, please refer to the manufacturer's website or contact their support team for assistance.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective reloading experience with your Type S Bushing Neck Die Set.
