

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 338 LAPUA MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 338 LAPUA MAG](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007969

Safety Instruction Guide for Redding Competition Bushing Neck Die 338 Lapua Mag

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 338 Lapua Mag. This guide provides important safety instructions and guidelines to ensure safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Inspect the die for any damage before each use. Do not use if damaged.
- Store the die in a secure and dry location when not in use.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure you are familiar with the reloading process before using this die.
- Wear appropriate safety gear, including safety glasses, while reloading.
- Use the die only with compatible cartridge cases to prevent malfunctions.
- Do not exceed the recommended load limits for the cartridges being used.
- Be cautious of the resizing bushing; it may become hot during use.
- Do not attempt to modify the die or its components in any way.
- If you experience any unusual resistance or difficulty during resizing, stop using the die immediately and inspect it.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Clean the die and ensure it is free of debris.
- Thread the die into the reloading press until snug, then lock it in place.
- Attach the appropriate bushing for the desired neck size.
- Insert the decapping rod and ensure it is aligned properly.

2. Usage:

- Place a clean cartridge case into the sliding sleeve of the die.
- Slowly raise the ram of the reloading press to engage the cartridge case with the resizing bushing.
- Monitor the resizing process carefully, ensuring the cartridge case remains supported.
- After resizing, lower the ram and remove the cartridge case.
- Inspect the resized case for any defects or irregularities before proceeding with reloading.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the die or its components in regular household waste.
- Check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For any questions or concerns about the Redding Competition Bushing Neck Die 338 Lapua Mag, please reach out to the manufacturer or your point of purchase for assistance.

Thank you for your attention to these safety instructions. Safe reloading practices ensure a better experience and help maintain the safety of all users.
