

COMPETITION SEATER DIES - REDDING 284 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies 284 Winchester Bullet Seating Die

Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the bullet seating die.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to seat bullets for 284 Winchester cartridges.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when working with reloading equipment.
- Keep the work area clean and welllit to avoid accidents.
- Store the die in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no distractions are present while using the die.
- Regularly inspect the die for any signs of wear or damage. If any issues are found, discontinue use immediately.

Specific Safety Precautions for Use

- Do not exceed the maximum load specifications provided by the bullet and powder manufacturers.
- Ensure that the die is properly secured in the reloading press before use.
- Use only compatible cartridges and components with the Redding Competition Bullet Seater.
- Avoid using excessive force when adjusting the micrometer settings to prevent damage.
- Do not attempt to modify or disassemble the die, as this may lead to malfunction or injury.
- Keep fingers and hands clear of the die's moving parts during operation to prevent injury.

Instructions for Installation and Usage

Installation

1. Prepare the Reloading Press:

- Ensure that your reloading press is clean and properly set up.
- Verify that the press is securely mounted to a stable work surface.

2. Install the Die:

- Remove the protective cap from the die.
- Thread the die into the reloading press using the 7/814 threads until it is snug.
- Use a wrench to tighten the die, but avoid overtightening.

3. Set the Micrometer:

- Adjust the micrometer to your desired seating depth. Use the zero set feature to establish a reference point for future adjustments.

Usage

1. Prepare Cases:

- Ensure that all cases are clean and properly sized.
- Inspect cases for any signs of damage or defects before use.

2. Seating Bullets:

- Place a prepared case in the shell holder of the reloading press.
- Insert a bullet into the case mouth.
- Operate the reloading press handle to seat the bullet to the desired depth.
- Check the overall length of the cartridge after seating to ensure it meets specifications.

3. Adjusting Seating Depth:

- If further adjustments are needed, loosen the micrometer lock and turn the micrometer to the desired increment.
- Retighten the lock and repeat the seating process.

Disposal Instructions

- Dispose of any damaged or worn components according to local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all packaging materials are recycled or disposed of properly.

Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

Thank you for following these safety instructions. Your adherence to these guidelines helps ensure a safe and enjoyable reloading experience with the Redding Competition Bullet Seater.
