

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 30-338 WIN MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 30-338 WIN MAG](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007979
- Mfr. No.: 56394
- Cartridge: 30-338 Winchester Mag
- Die Style: Neck Die
- Delivery weight: 0.454kg
- Shipping height: 41mm
- Shipping width: 112mm
- Shipping length: 152mm
- UPC: 611760563942

# Safety Instruction Guide for Redding Competition Bushing Neck Die 30338 Win Mag

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This guide provides essential safety instructions and best practices to ensure the safe and effective use of your die. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose, which is resizing cartridge cases for the 30338 Winchester Mag.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment and materials.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a dry place, away from moisture and extreme temperatures, to maintain its integrity.
- Regularly inspect the die for any signs of wear or damage before use.
- Be aware of the potential hazards associated with handling ammunition components and follow all local laws and regulations.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 30338 Winchester Mag.
- Ensure that the cartridge case is fully supported in the die before beginning the resizing process.
- Avoid placing hands or other body parts near the moving parts of the die during operation.
- Use caution when adjusting the micrometer for neck length sizing to prevent overadjustment.
- If the die becomes stuck or difficult to operate, stop using it immediately and seek assistance to resolve the issue.
- Do not attempt to modify or alter the die in any way.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Ensure that the die is aligned properly with the press and tightened to prevent movement during use.

### 2. Usage:

- Insert the cartridge case into the die, ensuring it is fully supported.
- Adjust the micrometer to the desired neck length for resizing.
- Begin the resizing process by operating the reloading press slowly and steadily.
- Monitor the resizing process to ensure the die is functioning correctly and the cartridge case is being resized uniformly.
- After resizing, remove the cartridge case and inspect it for any defects.

## Disposal Instructions

- Dispose of any damaged or worn parts of the die in accordance with local regulations.
- Do not throw the die or its components in regular trash; instead, check with local recycling centers for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Redding Competition Bushing Neck Die, please refer to the manufacturer's contact information provided with the product. It is essential to have a point of contact for safety inquiries and support.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die. Always prioritize safety and remain informed about best practices in reloading. Thank you for your attention to these important safety measures.
