

COMPETITION SEATER DIES - REDDING 6 XC BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Die

Introduction

Thank you for choosing the Redding Competition Bullet Seater Die. This product is designed to provide you with precision and ease of use for bullet seating. However, safety is paramount when using any reloading equipment. This guide provides essential safety instructions to ensure your safe use of the die.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the workspace is clean, dry, and welllit.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling ammunition components.
- Regularly inspect the die for wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential hazards include:
 - Improper handling of the die leading to injury.
 - Use of incompatible cartridges which may cause malfunction.
 - Exposure to lead or other hazardous materials during reloading.
- **Instructions for Avoiding Hazards:**
 - Always ensure that the die is compatible with the cartridges you are using (6 mm XC).
 - Avoid using excessive force when adjusting the die.
 - Do not modify the die in any way that may compromise its integrity.
 - Store the die in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the reloading press is securely mounted to a stable surface.
 2. Clean the threads of the die and the reloading press.
 3. Carefully screw the die into the press until it is snug. Do not overtighten.
 4. Set the die to the desired depth using the micrometer adjustment.
- **Usage:**
 1. Prepare your cartridges according to standard reloading practices.
 2. Place a bullet in the case mouth.
 3. Raise the ram of the press to seat the bullet.
 4. Adjust the micrometer as needed for depth precision.
 5. After use, clean the die to remove any residue or debris.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste regulations.
- If the die is damaged or no longer usable, follow local guidelines for electronic and metal waste disposal.
- Do not throw the die in regular trash; consult local recycling centers for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding safety, usage, or product support, please contact the manufacturer or your local distributor. It is essential to have a point of contact for any safety inquiries related to the Redding Competition Bullet Seater Die.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Competition Bullet Seater Die. Thank you for prioritizing safety in your reloading practices.
