

COMPETITION SEATER DIES - REDDING 6.5X47MM LAPUA BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Die

Introduction

Thank you for choosing the Redding Competition Seater Die for your reloading needs. This guide aims to provide you with essential safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this document carefully before using the die.

General Safety Guidelines

- Always handle reloading equipment with care and follow safety protocols.
- Ensure that you are in a wellventilated area while reloading.
- Keep the work area clean and free from obstructions.
- Store all components, including the die, in a safe and secure place, out of reach of children.
- Always wear appropriate safety gear, including safety glasses, when using reloading equipment.
- Be aware of the specific cartridge specifications and ensure compatibility with your firearm.
- Regularly inspect the die for wear and damage before use.

Specific Safety Precautions for Use

- Use only the recommended cartridges for the Redding Competition Seater Die (6.5 x 47 mm Lapua).
- Do not exceed the maximum load recommendations provided by your reloading manual.
- Avoid distractions while reloading to maintain focus and accuracy.
- Never use the die for any purpose other than its intended use.
- Ensure that the micrometer adjustment is securely locked before operation to prevent accidental changes in seating depth.
- If you experience any malfunctions or irregularities, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is compatible with 7/814 dies.
- Insert the Redding Competition Seater Die into the press and tighten securely.
- Adjust the die to the desired height based on your reloading specifications.

2. Micrometer Adjustment

- Set the micrometer to your preferred seating depth.
- Use the zero set feature to calibrate the micrometer to your favorite seating depth.
- Make incremental adjustments in .001" increments for precise seating.

3. Seating Bullets

- Place a case in the shell holder of the reloading press.
- Insert a bullet into the case mouth.
- Pull the handle of the press to seat the bullet to the desired depth.
- Repeat the process for each cartridge, ensuring consistency in seating depth.

4. PostUse Care

- Clean the die after use to remove any residue.

- Store the die in its original packaging or a secure location to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the Redding Competition Seater Die, please consult your local retailer or manufacturer's website for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Redding Competition Seater Die. Thank you for your attention to safety.
