

# SINCLAIR ALL-PURPOSE LIGHTWEIGHT REST - ALL-PURPOSE LIGHTWEIGHT SHOOTING REST

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

We designed our Lightweight Rest for shooters who needed a lighter, more economical option to a standard weight cast iron rest tripod. The Lightweight tripod is machined aluminum, and the leg screws and T-handle are lightened to produce a weight savings of over 11 pounds from our standard rests. These Lightweight rest are ideal for F-Class shooters, field shooters, sight in sessions and plinking. Our Lightweight Rests accept all Sinclair rest tops and accessories including F-Class extended leg screws and Speed Screw. The Sinclair All-Purpose (A/P) Lightweight Rest is for shooters who need a lightweight but solid platform to accommodate any forend width from narrow hunting rifles up to three and one half inch specialty stocks. The dual-sided sandbag (not-filled) included with the A/P Lightweight Rest gives the shooter the option of using a soft garment weight leather surface or wood stocks or fine grade Cordura for use with fiberglass or synthetic stocks. Quick adjust levers available separately to eliminate the need for hex wrench when adjusting side plates.

# Safety Instruction Guide for SINCLAIR AllPurpose Lightweight Rest

## Introduction

Thank you for choosing the SINCLAIR AllPurpose Lightweight Rest. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the rest safely and effectively.

## General Safety Guidelines

- Ensure that the Lightweight Rest is used only for its intended purpose as a shooting rest.
- Always inspect the rest before use for any signs of damage or wear.
- Use the rest in a safe environment, away from unauthorized persons, especially children.
- Follow all local laws and regulations related to shooting and firearm use.
- Report any unsafe conditions or incidents to the relevant authorities immediately.
- Stay updated on product recalls and safety notices through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the Lightweight Rest on a stable and level surface to prevent tipping or instability.
- Do not exceed the weight limit specified for the rest to avoid structural failure.
- Ensure that all components, including the sandbag, are securely positioned before use.
- Keep fingers and other body parts clear of any moving parts when adjusting the rest.
- Do not modify the Lightweight Rest in any way, as alterations may compromise safety.
- Use appropriate eye and ear protection while shooting.

## Instructions for Installation and Usage

### 1. Setting Up the Lightweight Rest:

- Unpack the Lightweight Rest and check all components against the included parts list.
- Ensure that the tripod legs are fully extended and locked in place before use.
- If using the dualsided sandbag, choose the appropriate side based on your firearm's stock material.

### 2. Adjusting the Rest:

- Use the Thandle to adjust the height of the rest as needed for your shooting position.
- If applicable, attach the Sinclair rest tops and accessories securely to the rest.
- Ensure that the quick adjust levers are properly engaged to maintain stability.

### 3. Using the Rest:

- Place your firearm securely on the rest, ensuring it is centered and stable.
- Adjust the position of the rest as necessary to align with your shooting target.
- Always maintain control of the firearm and be aware of your surroundings while shooting.

### 4. PostUse Maintenance:

- After use, clean the Lightweight Rest to remove any dirt or debris.
- Store the rest in a dry, cool place away from direct sunlight to prevent material degradation.

## **Disposal Instructions**

- Dispose of the Lightweight Rest in accordance with local regulations.
- If the product is damaged beyond repair, recycle materials where possible, following local recycling guidelines.
