Safety Instruction Guide for Redding Full Length Die Sets 6.5MM300 WSM

Introduction

Thank you for choosing the Redding Full Length Die Set 6.5MM300 WSM. This guide aims to provide essential safety instructions and usage guidelines to ensure a safe and effective reloading experience. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the reloading process and the specific requirements for the 6.5MM300 WSM cartridge.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to prevent accidents and ensure efficient operation.
- Store the die set and components in a secure location, away from children and unauthorized users.
- Regularly inspect the die set for wear and damage. Do not use damaged equipment.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Read and understand the manufacturer's instructions before using the die set.
- Ensure that the die set is compatible with your reloading press.
- Use only recommended components and materials for reloading the 6.5MM300 WSM cartridge.
- Avoid overloading the cartridge, as this may lead to dangerous malfunctions.
- Do not attempt to modify the die set or any components.
- Always doublecheck measurements and settings before proceeding with reloading.
- Be aware of the potential hazards associated with handling gunpowder and primers, including flammability and toxicity.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Secure the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the sizing die is properly adjusted to accommodate the 6.5MM300 WSM cartridge.
- Attach the seating die and adjust it for the desired bullet seating depth.

2. Usage Instructions:

- Begin by resizing the brass cases using the full length sizing die.
- After resizing, clean the cases thoroughly to remove any debris or lubricant.
- Charge the cases with the appropriate amount of powder, following the recommended load data.
- Insert the bullets into the charged cases using the seating die, ensuring that they are seated to the correct depth.
- Inspect each completed round for consistency and safety.

3. PostUsage:

- Store completed ammunition in a safe and secure manner, away from heat sources and moisture.
- Clean the die set after use to maintain its functionality and longevity.

Disposal Instructions

- Dispose of any unused or unwanted reloading components in accordance with local regulations.
- Do not throw away hazardous materials, such as gunpowder or primers, in regular trash. Contact local authorities for proper disposal methods.
- Recycle packaging materials whenever possible.

Contact Information for Further Support

For any questions or concerns regarding the Redding Full Length Die Set 6.5MM300 WSM, please refer to the manufacturer's website or customer service contact for assistance. Always ensure that you have the latest product information and updates regarding safety recalls.

By following these safety instructions and guidelines, you can help ensure a safe and enjoyable reloading experience. Thank you for your attention to safety, and happy reloading!
