[Reloading](#) > [Reloading Presses](#) > [Single Stage Presses](#)

## Heavy Duty Press Handles Any Cartridge Up To The Largest Magnums

Heavy-duty cast iron single-stage press features the largest frame opening and useable ram stroke of any press in its class. Handles all your reloading needs from small handgun cases to the big rifle magnums. The 36° offset O-frame with a generous 4½" high opening offers superb ease of access. Offset ball handle for super-smooth operation and maximum leverage. The steel bushing for 7/8"-14 dies can be replaced with a bushing for 1"-14 dies (available separately). To use 1¼"-12 dies, simply remove the bushing entirely. Features the same Spent Primer Collection System used on Redding's T-7 Turret and UltraMag presses. Spent primers automatically drop through the 1" diameter heavy ram and down into a flexible plastic tube that holds hundreds of primers for easy disposal.

# BIG BOSS II RELOADING PRESS Safety Instruction Guide

## Introduction

Thank you for choosing the BIG BOSS II RELOADING PRESS by REDDING. This heavyduty reloading press is designed to meet your reloading needs safely and efficiently. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the reloading press is used only for its intended purpose.
- Keep the reloading press out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses and gloves, when using the press.
- Regularly inspect the reloading press for any signs of wear or damage before use.
- Follow local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Potential hazards include pinching or crushing injuries from moving parts.
  - Risk of injury from handling sharp tools or components.
  - Exposure to lead and other hazardous materials during reloading.
- **Avoiding Hazards:**
  - Keep hands and clothing clear of moving parts while operating the press.
  - Use proper tools and techniques when handling dies, shells, and other components.
  - Ensure adequate ventilation in your workspace to minimize exposure to fumes and dust.
- **Age Restrictions:**
  - This product is not intended for use by individuals under the age of 18.

## Instructions for Installation and Usage

### 1. Installation:

- Choose a stable and flat surface for placing the reloading press.
- Secure the press to the work surface using appropriate fasteners to prevent movement during operation.
- Ensure all components are correctly assembled according to the manufacturer's specifications.

### 2. Usage:

- Before starting, ensure that the area is clear of any obstructions and that all tools are within reach.
- Adjust the ram stroke according to the size of the cases being reloaded.
- Insert the appropriate die and ensure it is securely tightened.
- Follow the manufacturer's instructions for reloading ammunition, including the proper sequence of operations.
- After use, clean the press and remove any spent primers to maintain optimal performance.

## Disposal Instructions

- Dispose of any hazardous materials, including spent primers and powders, in accordance with local regulations.
- Recycle any metal components where possible.

- Do not discard the reloading press in regular household waste. Check for local recycling programs or hazardous waste disposal centers.

## **Contact Information for Further Support**

For assistance or inquiries regarding the BIG BOSS II RELOADING PRESS, please contact your local REDDING distributor or visit the official REDDING website for additional resources and support.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the BIG BOSS II RELOADING PRESS. Thank you for prioritizing safety in your reloading activities.
