

COMPETITION BUSHING NECK DIE SETS - REDDING 7MM-08 REM

COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Redding Competition Bushing Neck Die Set, 7mm-08 Rem

Safety Instruction Guide for Redding Competition Bushing Neck Die Set, 7mm08 Rem

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides important safety information to ensure the safe and effective use of this product. Please read and follow these instructions carefully.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that you are familiar with the basics of reloading and firearms safety before using this product.
- Keep this product out of reach of children and unauthorized users.
- Use this product only for its intended purpose as specified by the manufacturer.
- Always wear appropriate safety gear, including safety glasses, when using this product.
- Regularly check for wear and damage on your die set and replace any worn parts immediately.
- Be aware of your surroundings and work in a wellventilated area when reloading ammunition.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with the 7mm08 Remington cartridge before use.
- Do not exceed the recommended load data for the 7mm08 Remington cartridge.
- Always doublecheck your measurements and settings before starting the reloading process.
- Avoid distractions while reloading to maintain focus and safety.
- Do not use damaged or defective equipment. Inspect the die set regularly for any signs of wear or damage.
- If you experience any malfunctions or issues during use, cease operation immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Installation

- Unpack the die set and ensure all components are included.
- Clean the dies with a suitable solvent to remove any protective oils before installation.
- Install the sizing die in your reloading press according to the manufacturer's instructions.
- Adjust the die to the appropriate height for your press and tighten securely.

2. Usage

- Set up your reloading station in a clean, organized manner.
- Measure and prepare your brass cases for resizing.
- Follow the specific reloading data for the 7mm08 Remington cartridge.
- Use the bushing neck die to resize the neck of the brass cases as per the manufacturer's guidelines.
- Inspect each case after resizing to ensure proper dimensions and remove any defective cases.
- Proceed with the reloading process, including priming, charging, and seating bullets, following all safety precautions.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household trash. Check with local authorities for proper disposal methods.
- Ensure that all materials are disposed of safely to prevent harm to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact details provided on the packaging or product documentation. It is important to have access to support for safety inquiries and product assistance.

By adhering to these safety instructions, you can ensure a safe and enjoyable reloading experience with your Redding Competition Bushing Neck Die Set. Thank you for prioritizing safety and responsible use.
