

# COMPETITION BUSHING NECK DIE SETS - 300 WSM COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set. This product is designed to help you resize and seat bullets for the 300 WSM cartridge safely and efficiently. Please read this safety instruction guide carefully to ensure the safe and proper use of the die set.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the die set by following the guidelines provided. This product complies with the EU General Product Safety Regulation (GPSR).
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** If purchased online, verify that the seller complies with safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries related to this product, please consult the manufacturer or retailer.
- **Rapid Alerts:** Be aware of updates regarding product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Identification:** The die set contains small parts that may pose a choking hazard if ingested. Improper use of the die set may lead to personal injury or damage to the cartridge.
- **Avoiding Hazards:** Always wear safety glasses when using the die set to protect your eyes from debris. Ensure that the workspace is clean and free from obstructions to prevent accidents. Do not exceed the maximum recommended pressure when resizing cases.
- **Age Restrictions:** This product is intended for use by individuals aged 18 years and older.

## Instructions for Installation and Usage

### 1. Unpacking the Die Set:

- Carefully remove the die set from its packaging.
- Inspect all components for any signs of damage or defects.

### 2. Setting Up the Die Set:

- Secure the sizing die in the press according to the manufacturer's instructions.
- Ensure that the micrometer adjustments are set to your desired specifications.

### 3. Using the Neck Sizing Die:

- Insert the cartridge case into the die.
- Ensure the case is fully supported and aligned before starting the resizing process.
- Slowly raise the press handle to resize the case, allowing the bushing to self-center.

### 4. Using the Body Die:

- Insert the cartridge case into the body die.

- Adjust the die to bump the shoulder position without disturbing the neck.
- Raise the press handle smoothly to resize the case body.

#### **5. Using the Competition Bullet Seater:**

- Insert a bullet into the seating stem.
- Place the cartridge case in the seater.
- Adjust the seating depth as needed using the micrometer.
- Raise the press handle to seat the bullet firmly.

#### **6. PostUsage:**

- After use, clean the die set to remove any residue.
- Store the die set in a safe, dry location away from children.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the die set is damaged beyond repair, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For further support regarding the Redding Competition Bushing Neck Die Set, please consult the retailer or manufacturer from which you purchased the product. They will provide assistance and address any safety concerns you may have.

Thank you for following these safety instructions. Your attention to safety will ensure a better experience while using the Redding Competition Bushing Neck Die Set.
