## COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

### Attributes

- Name: [243 WINCHESTER COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749008227
- Mfr. No.: 58114

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure safe handling of all components of the die set.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Store the die set in a dry, cool place, away from children and pets.
- Regularly inspect the die set for signs of wear or damage.
- Do not use the die set for any purpose other than its intended use.
- Follow all local laws and regulations pertaining to ammunition reloading.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Risk of injury from sharp edges on the die components.
- Risk of improper resizing leading to ammunition malfunction.
- Risk of exposure to lead and other materials during reloading.

- **Instructions for Avoiding Hazards:**

- Handle the dies carefully to avoid cuts or injuries.
- Ensure correct setup and operation to prevent ammunition issues.
- Use proper ventilation when working with reloading materials to minimize exposure to harmful substances.

- **Age and Audience Specific Warnings:**

- This product is intended for use by adults only.
- Keep out of reach of children and inexperienced individuals.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that your reloading press is clean and free from debris.
2. Install the Competition Bushing Neck Sizing Die into the reloading press according to the manufacturer's instructions.
3. Insert the appropriate bushing into the die for your cartridge.
4. Securely attach the Body Die and Competition Bullet Seater as per the provided guidelines.

- **Usage:**

1. Start by preparing your cartridge cases, ensuring they are clean and free from defects.
2. Adjust the micrometer on the neck sizing die to achieve the desired neck length.
3. Place the cartridge case into the die and operate the press to resize the neck.

4. Use the Body Die to resize the case body and bump the shoulder for proper chambering.
5. Finally, use the Competition Bullet Seater to accurately seat the bullet into the case.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of any components of the die set in regular household waste.
- Contact local recycling centers for proper disposal methods of metal components.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact their customer service directly. Ensure that you have the product details on hand for any inquiries.

Thank you for your attention to these safety guidelines. Your safety and the proper functioning of your Redding Competition Bushing Neck Die Set are our top priorities. Happy reloading!
