

# COMPETITION BUSHING NECK DIE SETS - REDDING 300 WINCHESTER MAGNUM COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Redding Competition Bushing Neck Die Set, 300 Win Mag

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set, 300 Winchester Magnum

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Ensure that the work area is clean, welllit, and free from distractions.
- Keep the die set out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Be aware of the potential hazards associated with reloading, including the handling of powders and primers.
- Regularly inspect your equipment for wear or damage before each use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct cartridge for the die set. This product is designed specifically for the 300 Winchester Magnum.
- Do not exceed recommended load limits as specified by the powder manufacturer.
- Always doublecheck your measurements before proceeding with reloading.
- Use the die set only for its intended purpose. Do not modify or alter the equipment.
- Store the die set in a dry, cool place when not in use to prevent rust and corrosion.
- Avoid using the die set in environments with high humidity or temperature fluctuations.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully unpack the die set and inspect each component for damage.
- Follow the manufacturer's instructions for installing the die set into your reloading press.
- Ensure that the die is securely tightened to prevent movement during use.

### 2. Usage:

- Set up your reloading press according to the manufacturer's guidelines.
- Adjust the die to the desired setting for neck sizing as per your specific reloading requirements.
- Insert the cartridge case into the die and operate the press to size the case.
- After sizing, remove the case and inspect it for any signs of damage or irregularities.
- Repeat the process for all cases you intend to reload.

## Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away the die set in regular household waste. Check with local waste management authorities for proper disposal methods.
- Ensure that all components are cleaned and free from contaminants before disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's website or contact their customer service department. Ensure to have your product details ready for efficient assistance.

By adhering to these safety guidelines, you can ensure a safe and successful reloading experience with your Redding Competition Bushing Neck Die Set. Thank you for prioritizing safety in your reloading practices.
