

COMPETITION BUSHING NECK DIE SETS - REDDING 6MM BR

COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Safety Instruction Guide for Redding Competition Bushing Neck Die Set, 6mm BR

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set, designed specifically for the 6mm BR cartridge. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this manual thoroughly before use to understand all safety guidelines and operational instructions.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose: reloading 6mm BR cartridges.
- Always wear appropriate safety gear, including eye protection and gloves, when handling reloading equipment and components.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die set for signs of wear or damage. Do not use damaged equipment.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 6mm BR cartridge.
- Use only compatible components when reloading, including powders, primers, and bullets.
- Avoid distractions while reloading to maintain focus and ensure safety.
- Do not attempt to modify the die set or use it for purposes other than intended.
- If you experience any malfunctions or issues with the die set, cease use immediately and consult a qualified technician.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Clean the die set before installation to remove any debris or oil.
- Screw the bushing neck die into the reloading press, ensuring it is tightened securely but not overtightened.
- Adjust the die to the desired position based on the specific reloading requirements.

2. Usage:

- Prepare your 6mm BR cartridges by ensuring they are clean and free of defects.
- Set the desired neck tension by selecting the appropriate bushing size.
- Insert the cartridge case into the die and operate the reloading press to resize the neck.
- Follow the reloading data specific to the 6mm BR cartridge for powder and bullet selection.
- Inspect each completed cartridge for quality and safety before use.

Disposal Instructions

- Dispose of any unused components and packaging materials according to local regulations.
- Do not discard any hazardous materials (such as primers or powders) in regular trash. Check with local authorities for proper disposal methods.
- Ensure that all reloading equipment is cleaned and stored properly after use to maintain safety and functionality.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact your local retailer or manufacturer's representative. Always ensure you have the latest information and updates regarding your product.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience with your Redding Competition Bushing Neck Die Set. Thank you for your commitment to safety!
