

# COMPETITION BUSHING NECK DIE SETS - 308 WINCHESTER

## COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

### Attributes

- Name: [308 WINCHESTER COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 749008237
- Mfr. No.: 58155

# Safety Instruction Guide for Redding Competition Bushing Neck Die Set

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides essential safety information and instructions to ensure the safe and effective use of the product. Please read this manual carefully before use to familiarize yourself with the safety guidelines and operational procedures.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the die set by following all instructions. This product is designed for nonfood use and should be handled with care.
- **Enhanced Recalls:** Stay informed about product recalls. If any issues arise with the die set, a standardized recall notice will be issued, and remedies will be provided at no cost.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all components out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on any unsafe products or recalls.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves while using the die set to protect against any potential debris or sharp edges.
- **Inspect Before Use:** Check all components of the die set for any damage or wear before use. Do not use if any parts are damaged.
- **Proper Handling:** Handle the die set with care. Avoid dropping or mishandling the components.
- **Avoid Overloading:** Do not exceed the recommended specifications for the die set. Overloading can lead to malfunctions or accidents.
- **Keep Work Area Clean:** Ensure your workspace is clean and free of clutter to prevent accidents during the reloading process.

## Instructions for Installation and Usage

### • Installation:

- Ensure that your reloading press is securely mounted and stable.
- Install the Competition Bushing Neck Sizing Die into the press according to the manufacturer's instructions.
- Attach the Body Die and Competition Bullet Seater in the same manner.
- Ensure all dies are tightened securely to prevent movement during operation.

### • Usage:

- **Neck Sizing Die:**
  - Adjust the micrometer to set the desired neck length for sizing.
  - Insert the cartridge case into the die and ensure it is aligned properly.
  - Operate the press slowly to allow the resizing bushing to selfcenter on the case neck.
- **Body Die:**

- Use the Body Die to resize the case body and bump the shoulder as needed.
- Follow the same alignment procedures as with the Neck Sizing Die.
- **Bullet Seater:**
- Adjust the seating depth using the micrometer for precise control.
- Place the bullet into the cartridge case and operate the press to seat the bullet.

## Disposal Instructions

- **Disposal of Components:** Dispose of any damaged or unusable components in accordance with local regulations. Do not dispose of in regular household waste.
- **Recycling:** If applicable, recycle metal parts according to local recycling guidelines.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's website or contact their customer service for assistance. Always keep this manual accessible for future reference.

Thank you for prioritizing safety and following the guidelines provided. Enjoy your reloading experience with the Redding Competition Bushing Neck Die Set!
