# TYPE S MATCH BUSHING NECK DIE SETS Safety Instructions

## Introduction

Thank you for choosing the TYPE S MATCH BUSHING NECK DIE SET for your reloading needs. This product is designed to provide precision and accuracy for your 30338 Winchester Mag cartridges. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading ammunition before using this product.
- Always use this product in a wellventilated area to avoid inhalation of any dust or particles.
- Keep all components and tools out of reach of children and unauthorized users.
- Inspect the die set for any damage or defects before use. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading and use.

## Specific Safety Precautions for Use

- Use only the specified cartridge (30338 Winchester Mag) with this die set.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading components.
- Do not exceed the recommended load specifications for your cartridges.
- Ensure that your reloading press is securely mounted and stable before beginning the reloading process.
- Avoid distractions while reloading to maintain focus and prevent accidents.
- Store all reloading components, including dies and ammunition, in a cool, dry place.

## Instructions for Installation and Usage

### 1. Installation of the Die Set:

- Carefully unpack the die set and inspect all components.
- Follow the manufacturer's instructions for your specific reloading press to install the Type S Bushing Neck Sizing Die, Body Die, and Competition Seating Die.
- Adjust the dies according to your specific reloading needs and preferences.

### 2. Reloading Process:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Set the bushing neck sizing die to the appropriate size for your bullet and brass.
- Size the brass cases using the sizing die, ensuring each case is sized uniformly.
- Use the body die to ensure proper case length and fit.
- Measure and adjust powder charges according to your load data, using a reliable scale.
- Seat the bullets using the competition seating die, ensuring proper alignment and depth.

### 3. PostReloading:

- Inspect each loaded cartridge for any signs of defects or irregularities.
- Store completed ammunition in a safe and secure location, clearly labeled with the load specifications.

## **Disposal Instructions**

- Dispose of any unused or damaged components according to local regulations.
- Do not throw away in regular household waste. Check for local hazardous waste disposal guidelines.
- Ensure that all spent primers and powder residues are disposed of safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPE S MATCH BUSHING NECK DIE SET, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important guidelines.
