

COMPETITION BUSHING NECK DIE SETS - REDDING 223 WSSM

COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Safety Instruction Guide for Redding Competition Bushing Neck Die Sets

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set. This product is designed to enhance your reloading experience while ensuring safety and precision. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set before each use for any signs of damage or wear.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating.
- Ensure you are familiar with the reloading process and the specific requirements for the 223 WSSM cartridge.
- Store the die set in a dry, secure place when not in use.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper use of the die set can lead to accidents, including injury from improperly sized cartridges or equipment malfunction.
- **Avoiding Hazards:**
 - Do not exceed the maximum recommended load for the cartridge.
 - Ensure that the die set is securely mounted to your reloading press before use.
 - Avoid wearing loose clothing or jewelry that could get caught in the equipment.
 - Do not attempt to modify the die set or use it for any purpose other than intended.
 - Always ensure the work area is clean and free from distractions.

Instructions for Installation and Usage

- **Installation:**

1. Securely mount the Competition Bushing Neck Die in your reloading press according to the manufacturer's instructions.
2. Ensure that the Body Die is also properly installed in the press.
3. Attach the Competition Bullet Seater as per the guidelines provided.

- **Usage:**

- **Neck Sizing Die:**
 - Insert the cartridge case into the die.
 - Adjust the micrometer to the desired neck length.
 - Begin the sizing process, ensuring the case is supported throughout.
- **Body Die:**
 - Insert the cartridge case into the body die.
 - Operate the press to full length resize the case body and bump the shoulder position.
- **Bullet Seater:**
 - Place the bullet into the cartridge case.
 - Adjust the seating depth using the floating seating stem system.
 - Operate the press to seat the bullet securely.

Disposal Instructions

- Dispose of any damaged or unusable components of the die set according to local regulations.
- Do not dispose of the die set in regular household waste.
- Check with local authorities for proper disposal methods for metal and other materials.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the manufacturer's website or customer support resources.

By following this guide, you can ensure safe and effective use of your Redding Competition Bushing Neck Die Set. Thank you for your attention to safety.
