

DELUXE 3-DIE SETS - REDDING 22-6MM REMINGTON 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS

REDDING 226MM REMINGTON 3 DIE SET

Introduction

Thank you for choosing the Redding Deluxe 3Die Set. This guide provides important safety information and usage instructions to ensure your safety and the effective performance of the product. Please read this guide carefully before using the die set.

General Safety Guidelines

- Always handle the die set with care to avoid injury.
- Ensure that you are using the die set in a welllit and organized workspace.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of damage or wear before use.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Use only the specified cartridge (22/6 mm Remington) with this die set.
- Wear appropriate safety gear, such as safety glasses and gloves, while using the die set.
- Avoid wearing loose clothing or jewelry that may become caught in machinery.
- Do not attempt to modify the die set in any way.
- Always follow the manufacturer's instructions for reloading ammunition.
- Ensure that the reloading press is securely mounted and stable before use.

Instructions for Installation and Usage

1. Installation:

- Unpack the die set and ensure all components are present: full length sizing die, standard seating die, neck sizing die, spare decapping pin, and hex wrench.
- Secure the dies in the reloading press according to the manufacturer's instructions.
- Adjust the dies as necessary to achieve the desired sizing and seating depth.

2. Usage:

- Follow the reloading process stepbystep, ensuring that you do not skip any steps.
- Use the full length sizing die first to size the brass cases.
- Next, use the neck sizing die if necessary, to ensure proper neck tension.
- Finally, use the standard seating die to seat the bullets to the specified depth.
- Inspect each round for proper fit and function before use.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading materials in regular household waste.
- Contact local authorities for guidance on proper disposal methods.
