

# SINCLAIR 50 CALIBER BULLET COMPARATOR & BMG BUMP GAUGE - 50 BMG BUMP GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

We have developed two tools for our 50 BMG customers (shown above). Measure overall length accurately with our new .50 caliber bullet comparator. The Sinclair Bump Gauge for the .50 BMG allows you to accurately measure cases at the shoulder so you can adjust your dies for proper sizing. Both the bullet comparator and bump gauge attach directly to dial or digital calipers. We recommend the use of 8" calipers with both tools.

## Attributes

- Name: [50 BMG BUMP GAGE](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749008877
- Mfr. No.:

# SINCLAIR 50 CALIBER BULLET COMPARATOR & BMG BUMP GAUGE SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Sinclair 50 Caliber Bullet Comparator and BMG Bump Gauge. These tools are designed to help you accurately measure the overall length of .50 caliber bullets and the shoulder of .50 BMG cases. To ensure safe and effective use of these products, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the tools according to the manufacturer's instructions.
- Keep the tools out of reach of children and unauthorized users.
- Inspect the tools regularly for any signs of damage or wear before use.
- Ensure that your work area is clean and free from clutter to avoid accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses if necessary.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only with compatible dial or digital calipers, ideally 8 inches in length.
- Do not exceed the maximum measurement limits of the tools.
- Avoid using the tools in wet or humid environments to prevent damage.
- Handle the tools with care to avoid dropping or damaging them.
- Do not modify the tools in any way; alterations may compromise safety and accuracy.
- Ensure that your hands are clean and dry when using the tools to maintain grip and accuracy.

## Instructions for Installation and Usage

### Installation

#### 1. Attach the Bullet Comparator:

- Align the comparator with the jaws of your caliper.
- Securely fasten the comparator to the caliper to ensure stability.

#### 2. Attach the Bump Gauge:

- Align the bump gauge with the jaws of your caliper.
- Securely fasten the gauge to the caliper.

### Usage

#### 1. Measuring Overall Length:

- Insert the bullet into the comparator.
- Close the caliper jaws gently until they touch the bullet.
- Read and record the measurement displayed on the caliper.

#### 2. Measuring Case Shoulders:

- Insert the case into the bump gauge.

- Close the caliper jaws gently until they touch the case shoulder.
- Read and record the measurement displayed on the caliper.

### **3. Adjusting Dies:**

- Use the measurements obtained to adjust your dies accordingly for proper sizing.

## **Disposal Instructions**

- Dispose of the tools responsibly at a designated electronic waste recycling facility.
- Do not dispose of the tools in regular household waste.
- Follow local regulations regarding the disposal of tools and electronic equipment.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Sinclair 50 Caliber Bullet Comparator and BMG Bump Gauge, please refer to the manufacturer's contact information provided with the product packaging.

By adhering to these safety instructions, you can ensure a safe and effective experience with your Sinclair tools. Thank you for prioritizing safety while using our products.
