

TRIPLE SHOT X® 375 CALIBER (3.75") RIFLE BULLETS - BARNES BULLETS TRX 375 CALIBER (0.375") FLAT BASE 235GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Barnes 375 cal. 235 gr. Triple Shock X Bullets - 50

Safety Instruction Guide for TRIPLE SHOT X® 375 CALIBER RIFLE BULLETS

Introduction

Thank you for choosing the TRIPLE SHOT X® 375 CALIBER (3.75") RIFLE BULLETS by BARNES BULLETS. These bullets are designed for optimal performance and safety. This guide provides important safety information and instructions to ensure safe handling and usage. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat every bullet as if it is loaded.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Use appropriate safety gear, including eye and ear protection, when handling or firing ammunition.
- Follow all local laws and regulations regarding the purchase, storage, and use of ammunition.
- Inspect ammunition for any signs of damage or corrosion before use. Do not use damaged bullets.
- Always use the correct caliber and type of bullet for your firearm.

Specific Safety Precautions for Use

- Ensure that your firearm is in good working order and is suitable for the use of 375 caliber bullets.
- Do not exceed the manufacturer's recommended load specifications.
- Avoid using bullets that have been exposed to excessive heat, moisture, or other environmental factors.
- Never attempt to modify or alter the bullets in any way.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always follow the firearm manufacturer's instructions for loading and unloading ammunition.

Instructions for Installation and Usage

1. Loading the Bullets:

- Ensure that your firearm is pointed in a safe direction.
- Open the action of your firearm and visually inspect the chamber to confirm it is clear of any obstructions.
- Load the TRIPLE SHOT X® 375 CALIBER bullets into the magazine or chamber according to the firearm's manual.

2. Firing the Bullets:

- Before firing, ensure that the firing area is clear of people and obstacles.
- Aim the firearm at the target and ensure a proper shooting stance.
- Keep your finger off the trigger until you are ready to shoot.
- After firing, maintain control of the firearm and be aware of the bullet's path.

3. Unloading the Bullets:

- After shooting, open the action of your firearm to eject any unfired bullets.
- Store any unused bullets safely in their original packaging.

Disposal Instructions

- Do not throw away unused or damaged bullets in regular trash.
- Contact local authorities or hazardous waste disposal facilities for guidance on safe disposal methods.
- Ensure that all bullets are disposed of in compliance with local regulations.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the designated EU contact point provided by the manufacturer. Ensure that you have the product details available for reference.

Conclusion

By following these safety instructions, you can help ensure a safe and enjoyable experience with your TRIPLE SHOT X® 375 CALIBER RIFLE BULLETS. Always prioritize safety and responsible handling when using firearms and ammunition. Thank you for your attention to these important guidelines.
