

TRIPLE SHOT X® 270 CALIBER (.277") RIFLE BULLETS - 270 CALIBER (0.277") 85GR FLAT BASE 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Attributes

TRIPLE SHOT X® 270 CALIBER (.277") RIFLE BULLETS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TRIPLE SHOT X® 270 CALIBER (.277") RIFLE BULLETS. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of this product. Please read this document carefully before use.

General Safety Guidelines

- Always treat every firearm and ammunition as if they are loaded.
- Store ammunition in a cool, dry place away from heat sources and direct sunlight.
- Keep ammunition out of reach of children and unauthorized persons.
- Use appropriate personal protective equipment (PPE) when handling ammunition, including safety glasses and hearing protection.
- Ensure that your firearm is compatible with the ammunition you are using.
- Follow all local laws and regulations regarding the purchase, storage, and use of ammunition.

Specific Safety Precautions for Use

- Only use TRIPLE SHOT X® 270 CALIBER bullets in firearms specifically designed for .270 caliber ammunition.
- Do not modify or alter the bullets in any way.
- Avoid using damaged or corroded ammunition.
- Inspect your firearm before loading and firing to ensure it is in good working condition.
- Never point a firearm at anything you do not intend to shoot.
- Be aware of your surroundings and ensure a safe backdrop when shooting.
- Use the appropriate shooting techniques to maintain control and accuracy.

Instructions for Installation and Usage

1. Loading the Ammunition:

- Ensure your firearm is pointed in a safe direction.
- Open the action of the firearm and visually inspect the chamber to confirm it is clear.
- Carefully insert the TRIPLE SHOT X® bullet into the chamber, following the manufacturer's loading instructions.
- Close the action securely.

2. Firing the Ammunition:

- Assume a stable shooting position.
- Ensure your finger is off the trigger until you are ready to shoot.
- Aim at your target, ensuring a safe backdrop.
- Squeeze the trigger gently to fire the bullet.

3. PostFiring Procedures:

- After firing, maintain control of the firearm and check the chamber.
- If the firearm does not fire, keep it pointed in a safe direction for at least 30 seconds before attempting to clear the chamber.
- Store any unused ammunition in a secure location.

Disposal Instructions

- Dispose of any unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in the trash or dispose of it in a way that could pose a risk to others.
- Contact local authorities or waste disposal facilities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding the TRIPLE SHOT X® 270 CALIBER bullets, please refer to the manufacturer's contact information provided on the product packaging or visit their official website.

Conclusion

By following these safety instructions, you help ensure a safe and enjoyable experience with your TRIPLE SHOT X® 270 CALIBER (.277") RIFLE BULLETS. Always prioritize safety and adhere to local laws and regulations when handling and using ammunition. Thank you for your attention to these important guidelines.
