

# TRIPLE SHOT X® 7MM CALIBER (.284") RIFLE BULLETS - TSX 7MM (0.284") SOLID COPPER FLAT BASE 175GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

## Attributes

- Name: [TSX 7MM \(0.284"\) SOLID COPPER FLAT BASE 175GR 50/BOX](#)
- Manufacturer: [BARNES BULLETS](#)

# Safety Instruction Guide for TRIPLE SHOT X® 7MM CALIBER RIFLE BULLETS

## Introduction

Thank you for choosing the TRIPLE SHOT X® 7MM CALIBER (.284") RIFLE BULLETS. This leadfree, solid copper bullet is designed for optimal performance in hunting applications. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that you are familiar with the local laws and regulations regarding the use of ammunition and firearms.
- Always handle ammunition with care and store it in a safe, dry place away from children and unauthorized individuals.
- Use appropriate personal protective equipment (PPE), such as eye and ear protection, when handling or firing ammunition.
- Regularly inspect your firearm to ensure it is in good working condition before use.
- Be aware of your surroundings and ensure a safe shooting environment to prevent accidents.

## Specific Safety Precautions for Use

- Only use the TRIPLE SHOT X® 7MM CALIBER bullets in firearms specifically designed for this caliber.
- Always follow the manufacturer's loading and firing instructions for your specific firearm.
- Do not exceed the recommended load specifications; doing so may result in dangerous malfunctions.
- Never attempt to modify or alter the bullet in any way.
- Keep the ammunition away from heat sources, moisture, and chemicals that may cause degradation.
- If a bullet does not fire, wait at least 30 seconds before attempting to remove it from the chamber to avoid accidental discharge.

## Instructions for Installation and Usage

### 1. Loading the Ammunition

- Ensure that your firearm is pointed in a safe direction.
- Open the action of your firearm and visually inspect the chamber to confirm it is clear.
- Load the TRIPLE SHOT X® 7MM CALIBER bullet into the magazine or chamber as per your firearm's instructions.

### 2. Firing the Ammunition

- Ensure that you are in a safe shooting position and that the area is clear of people and obstacles.
- Align your sights on the target and squeeze the trigger gently without jerking.
- After firing, keep the firearm pointed downrange and wait for a few moments to ensure no misfires.

### 3. PostFiring Procedures

- After shooting, unload your firearm in a safe manner.
- Clean your firearm according to the manufacturer's instructions to maintain its performance and safety.

## **Disposal Instructions**

- Dispose of any unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash. Instead, contact local authorities or hazardous waste disposal facilities for proper disposal methods.
- Ensure that all spent casings and packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the TRIPLE SHOT X® 7MM CALIBER RIFLE BULLETS, please refer to your local retailer or contact the manufacturer directly for assistance.

By following these safety guidelines and instructions, you can enjoy the benefits of your TRIPLE SHOT X® 7MM CALIBER bullets while ensuring safety for yourself and others. Always prioritize safety and responsibility when handling firearms and ammunition.
