

TRIPLE SHOT X® 9MM CALIBER (.366") RIFLE BULLETS - 9.3MM (0.366") 250GR FLAT BASE 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Attributes

- Name: [9.3MM \(0.366"\) 250GR FLAT BASE 50/BOX](#)
- Manufacturer: [BARNES BULLETS](#)
- Product no.: 749009099

TRIPLE SHOT X® 9MM CALIBER (.366") RIFLE BULLETS SAFETY INSTRUCTIONS

Introduction

Welcome to the safety instruction guide for TRIPLE SHOT X® 9MM CALIBER (.366") RIFLE BULLETS. This document aims to provide you with essential safety information to ensure the safe use of this product. Please read this guide carefully before use to understand the potential risks and how to mitigate them.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of ammunition.
- Always store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized individuals.
- Inspect the bullets for any signs of damage or defects before use.
- Use appropriate personal protective equipment (PPE) when handling ammunition, including safety glasses and gloves.
- Never modify or alter bullets in any way.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use TRIPLE SHOT X® 9MM CALIBER bullets in firearms that are specifically designed for this caliber.
- Ensure that your firearm is in good working condition and properly maintained.
- Follow all manufacturer guidelines for your firearm regarding the use of ammunition.
- Avoid using these bullets in wet or damp conditions to prevent corrosion.
- Do not attempt to fire a bullet that has been dropped or damaged.
- Keep the muzzle of the firearm pointed in a safe direction at all times.

Instructions for Installation and Usage

1. Loading the Bullets:

- Ensure the firearm is unloaded before loading the bullets.
- Open the magazine and insert the bullets into the magazine following the manufacturer's instructions.
- Close the magazine securely before attempting to fire.

2. Firing the Bullets:

- Make sure you are in a safe shooting environment, away from people and structures.
- Load the firearm and check that it is functioning correctly.
- Aim at your target, ensuring that there is a safe backstop.
- Pull the trigger only when you are ready to fire and ensure that the firearm is pointed in a safe direction.

3. PostFiring:

- After firing, always check the firearm to ensure it is unloaded.
- Store any remaining bullets in a safe location.
- Clean your firearm according to the manufacturer's instructions after use.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash.
- Contact local waste management authorities for guidance on hazardous waste disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding TRIPLE SHOT X® 9MM CALIBER bullets, please contact the manufacturer or your local dealer for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on the proper handling and use of this product.
