COMPARATIR/BUMP GAGE KIT CASE - COMPARATOR/BUMP GAGE KIT CASE ONLY

With all the different comparator and bump gage inserts we offer, it is sometimes difficult to keep them straight and all in the same place. Our Comparator / Bump Gage Kit Case will store both our standard length Sinclair Comparator/Bump Gage Tool Body and XL Tool Body as well as any combination of twenty-four Sinclair Bullet Comparator Inserts or Sinclair Bump Gage Inserts. **Image is shown with tools in the storage case for illustrative purposes only. Tools are not included.

Safety Instruction Guide for the Comparator/Bump Gage Kit Case

Introduction

Thank you for choosing the Comparator/Bump Gage Kit Case from Sinclair International. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this document carefully before using the kit case to avoid any potential hazards.

General Safety Guidelines

- Ensure that the Comparator/Bump Gage Kit Case is used only for its intended purpose.
- Always store the kit case in a dry and safe environment to prevent damage.
- Regularly inspect the kit case and its contents for wear and tear or any signs of damage.
- Keep the kit case out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards**:
  - Sharp edges from tools may cause cuts.
  - Improper handling may result in injury.
- **Avoiding Hazards**:
  - Always handle the kit case with care.
  - Use protective gloves if necessary when handling sharp tools.
  - Ensure the kit case is closed securely when not in use to prevent accidental opening.
  - Do not overload the kit case beyond its intended capacity.
- **Age Restrictions**:
  - This product is not intended for use by children. Always supervise children around the kit case.

Instructions for Installation and Usage

1. **Unpacking the Kit Case**:

   - Carefully remove the kit case from its packaging.
   - Inspect the contents to ensure all items are included and undamaged.

2. **Storing Tools**:

   - Place the Sinclair Comparator/Bump Gage Tool Body and any inserts into the designated slots within the kit case.
   - Ensure that the tools are securely stored and that there is no risk of movement during transport.

3. **Using the Comparator/Bump Gage**:

   - Follow the specific instructions provided with your Comparator/Bump Gage Tool for proper use.
   - Always ensure the tool is clean and free from debris before use.
   - Use the tool on a stable surface to prevent accidents.

4. **Maintenance**:

   - Regularly clean the kit case and tools to maintain their condition.

○ Store the kit case in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the kit case and any damaged tools in accordance with local regulations.
- Do not dispose of the kit case in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety, product use, or assistance, please refer to the contact information provided with your product or visit the official Sinclair International website for support.

Thank you for your attention to these safety guidelines. We hope you enjoy your Comparator/Bump Gage Kit Case!
