Safety Instruction Guide for BUSHING BUMP NECK SIZING BUSHINGS

Introduction

Thank you for choosing the Forster Bushing Bump Neck Sizing Bushings. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this document carefully before using the bushings.

General Safety Guidelines

- **Product Safety:** Ensure that the bushings are used only with Forster Precision Plus Bushing Bump Dies. Using them with other brands may lead to unsafe conditions.
- **Enhanced Recalls:** Stay informed about product recalls. Check the EU Safety Gate platform for any updates regarding safety recalls or issues related to this product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Monitor the Safety Gate system for rapid alerts regarding any potential safety issues with this product.

Specific Safety Precautions for Use

- **Compatibility:** Only use the bushings with Forster Precision Plus Bushing Bump Dies. They are not interchangeable with other brands.
- **Inspection:** Before each use, inspect the bushings for any signs of damage or wear. Do not use damaged bushings.
- **Handling:** Always handle the bushings with care to avoid injury. Use appropriate protective gear, such as gloves, if necessary.
- **Storage:** Store the bushings in a cool, dry place away from direct sunlight and moisture to prevent degradation.
- **Cryogenic Treatment:** The bushings are cryogenically treated for durability. Avoid exposing them to extreme temperatures that could affect their integrity.

Instructions for Installation and Usage

1. **Preparation:** Ensure that you have the Forster Precision Plus Bushing Bump Die ready for use.
2. **Installation:**
 - Remove any existing bushing from the die.
 - Select the appropriate Forster neck sizing bushing, ensuring it matches the required diameter (.289 inches).
 - Insert the new bushing into the die, ensuring it is securely in place.
3. **Usage:**
 - Follow the manufacturer's instructions for the Bushing Bump Die to ensure proper operation.
 - Monitor the bushing during use for any signs of wear or malfunction.
4. **PostUsage:** After use, clean the bushing to remove any debris or residue. Store it properly as instructed above.

Disposal Instructions

- Dispose of the bushings in accordance with local regulations. Since the bushings are made of metal, check for recycling options in your area.
- Do not dispose of the bushings in regular household waste.

Contact Information for Further Support

For further support or inquiries regarding safety, please refer to the designated EU contact point associated with this product.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
