

# HAND HELD OUTSIDE NECK TURNER PILOTS - FORSTER PRODUCTS, INC. 0.308" HAND HELD NECK TURNER PILOT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Forster's easy-to-use hand-held neck turning tool helps you take the next step toward cartridge-to-cartridge consistency. It features a carbide cutter with a micrometer-style adjustment knob for precise material removal to give cases consistent wall thickness that improves bullet-to-bore alignment. The aluminum holder retains the case firmly with a simple turn of the knob; holds up to .592" base diameter. Large case holder available for cases from .593" to .812" base diameter. Requires a pilot that's specific to the case mouth diameter; sold separately, see table below. Pilots are precision-ground .002" to .0025" smaller than the bullet diameter.

Hand Held Outside Neck Turner Pilot #308 .308 Diameter

## Attributes

- Name: [FORSTER PRODUCTS, INC. 0.308" HAND HELD NECK TURNER PILOT](#)

# Safety Instruction Guide for Hand Held Outside Neck Turner Pilot #308

## Introduction

Thank you for choosing the Hand Held Outside Neck Turner Pilot #308 by Forster Products, Inc. This product is designed to assist in the precise turning of the necks of .308 caliber cartridges. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use the product as intended and in accordance with these instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Ensure a clean and organized workspace to prevent accidents.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the neck turner.
- Do not exceed the recommended diameter of .308 inches when using this product.
- Avoid using the neck turner in wet or damp conditions to prevent electrical hazards.
- Keep hands and other body parts away from moving parts during operation.
- Use caution when handling sharp edges or components of the neck turner.
- If you experience any discomfort or unusual sensations while using the product, stop immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have a clean and dry workspace.
- Gather all necessary tools and materials for the neck turning process.

### 2. Installation

- Secure the neck turner in a stable position on your workbench or table.
- Ensure that the pilot is correctly aligned with the neck of the cartridge before proceeding.

### 3. Usage

- Insert the cartridge into the neck turner pilot, ensuring a snug fit.
- Turn the handle of the neck turner slowly and steadily to achieve the desired neck thickness.
- Monitor the process closely to avoid overturning or damaging the cartridge.
- Once finished, carefully remove the cartridge from the pilot.

### 4. Postusage Care

- Clean the neck turner and pilot after each use to maintain optimal performance.
- Store the product in a dry, secure location when not in use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations and guidelines.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling components where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Hand Held Outside Neck Turner Pilot #308, please refer to the contact information provided on the packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and we wish you a successful experience with your neck turner pilot.
