## SHOTSHELL RELOADING MANUAL-5TH EDITION

[Reloading](#) > [Books & Videos](#) > [Books](#) > [Reloading Books & Manuals](#)

The 5th Edition Shotshell Reloading Handbook from Lyman is the most current and complete manual on the market. It includes all of the most popular powders from Alliant, Hodgdon, Accurate, IMR, Vihtavuori, Ramshot, and Winchester. Load data is listed from .410 through 10 gauge, in both slug and buckshot loads. It also covers wads, cases, and primers currently offered by the leading manufacturers. The Lyman 5th Edition Handbook now has an expanded data section for loading non-toxic shot. Data section covers steel, bismouth, and Hevi-Shot, along with their applications. Articles on history and development, and current usage of non-toxic shot as well. One of the nicest features of this handbook is the Case Identification Section. It displays each case used in the handbook in an actual sized, full color drawing with detailed cross section. Over 230 pages devoted to reloading data.

### Attributes

- Name: [LYMAN SHOTSHELL RELOADING MANUAL-5TH EDITION](#)

# **Safety Instruction Guide for Lyman Shotshell Reloading Manual 5th Edition**

## **Introduction**

Thank you for choosing the Lyman Shotshell Reloading Manual 5th Edition. This manual is designed to provide you with comprehensive information for safe and effective shotshell reloading. It is important to follow the safety guidelines outlined in this document to ensure your safety and the safety of others while using this product.

## **General Safety Guidelines**

- Ensure that you read and understand all instructions before using this manual.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and hearing protection, when reloading.
- Keep all reloading components, including powders and primers, out of reach of children and pets.
- Store all reloading materials in a cool, dry place, away from direct sunlight and heat sources.
- Be aware of your surroundings and ensure that you are working in a safe environment free from distractions.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Regularly check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Use only the recommended powders, wads, cases, and primers listed in this manual.
- Follow the load data precisely; do not exceed recommended loads.
- Always doublecheck your measurements and components before starting the reloading process.
- Do not smoke or have open flames in the reloading area.
- If you notice any unusual odors or signs of a chemical reaction, stop working immediately and evacuate the area.
- Ensure that your reloading equipment is properly maintained and in good working condition.
- If you are new to reloading, consider seeking guidance from experienced reloaders or professionals.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary materials and tools, including the Lyman Shotshell Reloading Manual, reloading components, and protective gear.
- Ensure that your workspace is clean and organized.

### **2. Reading Load Data:**

- Consult the load data section of the manual for specific information on powders, primers, and wads.
- Pay attention to the gauge and type of load you are using.

### **3. Measuring Components:**

- Use precise measuring tools to weigh powders and measure wads and primers.
- Always verify measurements before proceeding to the next step.

### **4. Reloading Process:**

- Follow the stepbystep instructions provided in the manual for assembling your shotshells.
- Ensure that each component is securely placed and properly aligned.

#### **5. Final Inspection:**

- After reloading, inspect each shotshell for any defects or irregularities.
- Store completed shotshells in a safe and organized manner.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of reloading components in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Lyman Shotshell Reloading Manual 5th Edition, please refer to the contact information provided in the manual or visit the manufacturer's website. It is important to have a reliable source for support and information related to your reloading needs.

By following these safety instructions, you can enjoy a safe and productive reloading experience. Always prioritize safety and take the time to familiarize yourself with the manual and its contents. Happy reloading!
