

UNIVERSAL CARBIDE CASE TRIMMER - LYMAN .22 CAL TRIM PILOT

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmer Pilots](#)

The Universal Carbide Case Trimmer is a heavy-duty, cast-iron constructed case trimming tool designed for serious reloaders who demand precise case lengths for pinpoint accuracy and smooth, reliable functioning cartridges. The secret behind this hard-working case trimmer is simple-it uses a Carbide Cutter Head that holds a diamond-sharp edge to maintain balanced dimensions and a longer-than-average service life, making it ideal for volume reloaders. This replaceable cutter head accepts all Lyman pilots. This unit packs a high speed drive and a safety guard for added protection. Lyman's patented Universal Chuckhead can handle any case cutting job from .17 caliber to .458 caliber with no collets or shell holders required. It also comes with nine of the most popular caliber pilots: 22, 24, 27, 28/7mm, 30, 9mm, 35 (38/357), 44 and 45A.

Attributes

Safety Instruction Guide for LYMAN Universal Carbide Case Trimmer

Introduction

Thank you for choosing the LYMAN Universal Carbide Case Trimmer. This guide provides essential safety information and usage instructions to ensure safe and effective operation of the product. Please read this guide carefully before using the trimmer.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always use the product in accordance with the manufacturer's instructions.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of wear or damage.
- Never modify the product or use it for purposes other than intended.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the trimmer.
- Be aware of your surroundings and ensure the work area is clean and free from clutter.

Specific Safety Precautions for Use

When using the LYMAN Universal Carbide Case Trimmer, please observe the following precautions:

- Ensure the trimmer is securely mounted on a stable surface before use.
- Do not exceed the recommended cutting speeds.
- Always use the correct caliber pilot for the case being trimmed.
- Keep hands and fingers away from the cutting area while the trimmer is in operation.
- If the cutter head becomes dull or damaged, replace it immediately to prevent accidents.
- In case of any malfunction or unusual noise, stop using the trimmer and seek professional assistance.

Instructions for Installation and Usage

Follow these steps for proper installation and use of the LYMAN Universal Carbide Case Trimmer:

1. Installation:

- Choose a stable work surface that can support the weight of the trimmer.
- Securely mount the trimmer using appropriate fasteners to prevent movement during operation.
- Ensure the trimmer is positioned to allow for comfortable access and visibility.

2. Using the Trimmer:

- Select the appropriate caliber pilot for the case you are trimming.
- Insert the pilot into the cutter head and tighten securely.
- Place the case to be trimmed into the chuckhead, ensuring it is properly aligned.
- Activate the trimmer and allow it to cut the case to the desired length.
- Once completed, turn off the trimmer and remove the trimmed case.

3. After Use:

- Clean the trimmer and surrounding area to remove any debris.
- Store the trimmer in a dry place away from direct sunlight and moisture.
- Regularly check the cutter head and pilots for wear and replace as necessary.

Disposal Instructions

When the LYMAN Universal Carbide Case Trimmer reaches the end of its life cycle, please dispose of it responsibly:

- Follow local regulations for electronic waste disposal.
- Remove any replaceable parts, such as the cutter head, and recycle them according to local guidelines.
- Dispose of the main unit in accordance with local waste management practices.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or contact their customer service directly. Ensure you have your product information ready for reference.

Conclusion

By following the safety instructions outlined in this guide, you can ensure a safe and effective experience with your LYMAN Universal Carbide Case Trimmer. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety practices.
