

UNIVERSAL CARBIDE CASE TRIMMER - LYMAN .30 CAL TRIM PILOT

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmer Pilots](#)

The Universal Carbide Case Trimmer is a heavy-duty, cast-iron constructed case trimming tool designed for serious reloaders who demand precise case lengths for pinpoint accuracy and smooth, reliable functioning cartridges. The secret behind this hard-working case trimmer is simple-it uses a Carbide Cutter Head that holds a diamond-sharp edge to maintain balanced dimensions and a longer-than-average service life, making it ideal for volume reloaders. This replaceable cutter head accepts all Lyman pilots. This unit packs a high speed drive and a safety guard for added protection. Lyman's patented Universal Chuckhead can handle any case cutting job from .17 caliber to .458 caliber with no collets or shell holders required. It also comes with nine of the most popular caliber pilots: 22, 24, 27, 28/7mm, 30, 9mm, 35 (38/357), 44 and 45A.

Safety Instruction Guide for LYMAN Universal Carbide Case Trimmer

Introduction

Thank you for choosing the LYMAN Universal Carbide Case Trimmer. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the trimmer.

General Safety Guidelines

- Ensure that the trimmer is used only for its intended purpose as described in this manual.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the trimmer.
- Keep the work area clean and welllit to prevent accidents and ensure accurate trimming.
- Store the trimmer in a dry place away from children and unauthorized users.
- Regularly inspect the trimmer for any signs of wear or damage. Do not use if any parts are damaged.
- Follow local regulations regarding the disposal of used materials and trimmings.

Specific Safety Precautions for Use

- Do not exceed the recommended speed settings of the trimmer.
- Never place your hands or any body part near the cutter head while the trimmer is in operation.
- Ensure that the cutter head is securely attached before starting the trimmer.
- Use only Lymanapproved pilots with the trimmer to ensure proper function and safety.
- If the trimmer makes unusual noises or vibrations, stop using it immediately and conduct a thorough inspection.
- Do not attempt to modify or alter the trimmer in any way.

Instructions for Installation and Usage

1. Installation:

- Unpack the trimmer and all included components from the packaging.
- Place the trimmer on a stable, flat surface to prevent tipping during operation.
- Attach the appropriate Lyman pilot securely to the cutter head according to the manufacturer's instructions.
- Ensure that the safety guard is properly positioned before use.

2. Usage:

- Adjust the trimmer to the desired case length using the adjustable settings.
- Insert the case into the trimmer, ensuring it is properly aligned with the cutter head.
- Start the trimmer and allow it to reach the appropriate speed before trimming the case.
- Maintain a firm grip on the case and do not force it into the cutter head.
- After trimming, turn off the trimmer and remove the case carefully.

Disposal Instructions

- Dispose of any trimmings and waste materials in accordance with local regulations.
- Do not dispose of the trimmer or its components in household waste. Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the LYMAN Universal Carbide Case Trimmer, please reach out to your local authorized dealer or visit the official LYMAN website for more information.

By following these instructions and guidelines, you can ensure a safe and efficient experience with your LYMAN Universal Carbide Case Trimmer. Thank you for prioritizing safety and quality in your reloading process.
