

# UNIVERSAL CARBIDE CASE TRIMMER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmer Pilots](#)

The Universal Carbide Case Trimmer is a heavy-duty, cast-iron constructed case trimming tool designed for serious reloaders who demand precise case lengths for pinpoint accuracy and smooth, reliable functioning cartridges. The secret behind this hard-working case trimmer is simple—it uses a Carbide Cutter Head that holds a diamond-sharp edge to maintain balanced dimensions and a longer-than-average service life, making it ideal for volume reloaders. This replaceable cutter head accepts all Lyman pilots. This unit packs a high speed drive and a safety guard for added protection. Lyman's patented Universal Chuckhead can handle any case cutting job from .17 caliber to .458 caliber with no collets or shell holders required. It also comes with nine of the most popular caliber pilots: 22, 24, 27, 28/7mm, 30, 9mm, 35 (38/357), 44 and 45A.

## Attributes

- Name: [LYMAN UNIVERSAL CARBIDE CASE TRIMMER](#)
- Manufacturer: [LYMAN](#)

# Safety Instruction Guide for LYMAN Universal Carbide Case Trimmer

## Introduction

Thank you for choosing the LYMAN Universal Carbide Case Trimmer. This heavyduty tool is designed for reloaders who seek precision and reliability in their reloading process. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

## General Safety Guidelines

- Always read the instruction manual before using the trimmer.
- Ensure that the work area is clean, dry, and welllit.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Wear safety glasses and gloves when operating the trimmer to protect against debris.
- Do not operate the trimmer if you are tired, under the influence of drugs or alcohol, or distracted.
- Regularly inspect the trimmer for any signs of damage or wear.
- Follow local regulations for the safe handling of ammunition components.

## Specific Safety Precautions for Use

- Use only the recommended Lyman pilots with the trimmer.
- Ensure that the cutter head is securely attached before use.
- Do not exceed the maximum cutting capacity of the trimmer.
- Avoid placing fingers near the cutter head while the trimmer is in operation.
- Make sure all safety guards are in place and functioning before use.
- If the trimmer makes unusual noises or vibrations, stop using it immediately and inspect for issues.
- Do not attempt to modify or alter the trimmer in any way.

## Instructions for Installation and Usage

### 1. Installation:

- Place the trimmer on a stable and flat surface.
- Ensure that the trimmer is securely fastened to the work surface if necessary.
- Attach the appropriate Lyman pilot to the cutter head according to the manufacturer's instructions.

### 2. Usage:

- Prepare the cases to be trimmed by cleaning and inspecting them for damage.
- Insert the case into the Universal Chuckhead, ensuring it is properly seated.
- Adjust the trimmer to the desired case length using the builtin measurement guides.
- Turn on the trimmer and allow it to reach the desired speed before beginning to trim.
- Gently push the case into the cutter head, applying consistent pressure.
- Once trimming is complete, turn off the trimmer and remove the case.
- Inspect the trimmed case for accuracy and smoothness.

## Disposal Instructions

- Dispose of any worn or damaged parts of the trimmer in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the trimmer or any of its components in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the LYMAN Universal Carbide Case Trimmer, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your LYMAN Universal Carbide Case Trimmer. Always prioritize safety and stay informed about the proper use and maintenance of your equipment.
