

CHOKE TUBE CASE (6 STD. OR 3 EXTENDED) - MTM CASE-GARD CHOKE TUBE CASE FOR STANDARD/EXTENDED CHOKES POLYMER SMOKE

[Shooting Accessories](#) > [Gun Storage](#) > [Storage Boxes](#)

MTM offers three different sized choke tube cases to store and protect your valuable choke tubes and accessories. Each choke tube case is made of polypropylene with internal dividers and foam pad to safeguard your stored items. The foam pads help prevent rattle and protect your threads. Consider keeping your chokes, wrenches and choke lube all in one convenient case for use at the range or in the field. Designed to hold 20, 12, and 10 gauge chokes. CT3 holds 3 extended or 6 standard tubes

CHOKE TUBE CASE Safety Instructions

Introduction

Thank you for choosing the MTM CaseGard Choke Tube Case. This product is designed to store and protect your choke tubes and accessories safely. Please read this safety instruction guide carefully to ensure the safe use and maintenance of your Choke Tube Case.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the case out of reach of children to avoid accidents.
- Regularly inspect the case for any signs of damage or wear.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always secure choke tubes and accessories in the case to prevent movement.
- Avoid exposing the case to extreme temperatures or direct sunlight, as this may affect the material's integrity.
- Do not overload the case beyond its intended capacity (3 extended or 6 standard tubes).
- Handle the case with care to prevent drops or impacts that could cause damage.
- If the case shows any signs of damage, discontinue use immediately.

Instructions for Installation and Usage

1. Opening the Case:

- Open the case by releasing any latches or locks as per the design.

2. Placing Choke Tubes:

- Insert your choke tubes into the designated compartments.
- Ensure that the choke tubes are seated properly and secure.

3. Using Internal Dividers:

- Utilize the internal dividers to separate different types of choke tubes and accessories.
- This will prevent rattling and protect the threads of the tubes.

4. Closing the Case:

- Ensure all items are securely placed before closing.
- Close the case firmly, ensuring that all latches or locks are engaged.

5. Transporting the Case:

- When transporting, hold the case securely to avoid dropping.
- Avoid placing heavy objects on top of the case during transport.

Disposal Instructions

- Dispose of the Choke Tube Case responsibly.
- If the case is no longer usable, check local regulations for proper disposal methods.

- Recycle the polypropylene material if possible.

Contact Information for Further Support

For any inquiries or safety concerns regarding this product, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Enjoy using your MTM CaseGard Choke Tube Case safely and effectively!
