

# 257 ROBERTS +P PREMIUM BRASS - NOSLER 257 ROBERTS +P BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

NOSLER 257 ROBERTS +P PREMIUM BRASS Nosler® Premium Brass is designed for those who want to take finding the perfect load into their own hands. Fully prepped and ready to load, we've gone ahead and done the meticulous case prep work for you. Each piece is chamfered, deburred, checked for proper alignment, sized and trimmed to proper length. The brass is then hand-inspected to ensure exact dimensional standards and tolerances are met, allowing for maximum accuracy and consistency. Serving shooters time after time without sacrificing performance, Nosler® Premium Brass is made with quality materials for optimum case life and unmatched reloadability. Nosler takes a few extra steps with their brass to make it a premium component for the handloader. The brass is first weigh-sorted to within + or - 0.5 grains, then the flash holes are deburred. Nosler completes the case prep with neck sizing and chamfering the inside and outside of the case mouth. All Nosler unprimed brass bears the Nosler headstamp. FEATURES Fully prepped, ready to load. Case mounts chamfered and deburred Hand-inspected and weight-sorted Flash holes are deburred and checked for proper alignment Full length sized and trimmed to proper length

# Safety Instruction Guide for Nosler 257 Roberts +P Brass

## Introduction

Thank you for choosing Nosler 257 Roberts +P Brass. This guide provides essential safety instructions and precautions to ensure the safe use of this product. Please read this document carefully before using the brass.

## General Safety Guidelines

- Ensure that you are familiar with the relevant laws and regulations regarding the use of reloading components in your region.
- Always handle all reloading materials with care to avoid accidents.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Keep all reloading components out of reach of children and unauthorized persons.
- Regularly check for any updates regarding product safety and recalls through official channels.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Inspect each case for defects before use. Do not use damaged or deformed brass.
- Use only the recommended powder and primers for the 257 Roberts cartridge.
- Follow the recommended load data from reliable sources to avoid overloading.
- Ensure that your reloading press and equipment are in good working condition before use.
- Never leave reloading equipment unattended while in use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components, including the Nosler 257 Roberts +P Brass, powder, primers, and projectiles.
- Ensure your workspace is clean and organized.

### 2. Case Inspection:

- Inspect each brass case for any signs of damage or wear. Discard any defective cases.

### 3. Case Preparation:

- Weighsort the brass to ensure uniformity within + or 0.5 grains.
- Deburr the flash holes to ensure proper ignition.

### 4. Neck Sizing:

- Perform neck sizing and chamfer the inside and outside of the case mouth to facilitate bullet seating.

### 5. Loading:

- Follow the load data specific to the 257 Roberts cartridge. Use a reliable reloading manual for reference.
- Carefully load the powder and seat the bullet according to the specifications.

## **6. Final Inspection:**

- Once loaded, inspect each round for consistency and defects before storage or use.

## **Disposal Instructions**

- Dispose of any defective or unused brass in accordance with local regulations.
- Do not dispose of brass in regular household waste. Instead, consider recycling options for metal materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the appropriate channels as specified in your product documentation.

This guide is designed to help you use Nosler 257 Roberts +P Brass safely and effectively. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
