

BULLET PULLER COLLET - RCBS 9.3MM BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

BULLET PULLER COLLET RCBS 9.3MM Safety Instruction Guide

Introduction

Thank you for choosing the BULLET PULLER COLLET RCBS 9.3MM. This guide provides essential safety information and instructions to ensure the safe and effective use of your bullet puller. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the bullet puller is used only for the intended purpose of pulling jacketed bullets from .17 caliber through 50 caliber.
- Always use the appropriate collet for the caliber you are working with. Collets must be ordered separately.
- This product is not suitable for rimfire ammunition.
- Keep out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using the bullet puller.
- Inspect the bullet puller and collets for damage before each use. Do not use damaged equipment.
- Follow all local laws and regulations regarding the use and handling of ammunition and reloading equipment.

Specific Safety Precautions for Use

- Use the bullet puller only with a compatible 7/814 single stage reloading press.
- Ensure that the bullet puller is securely attached to the reloading press before use.
- Do not exceed the manufacturer's recommended limits for bullet types and calibers.
- Avoid placing your hands near the puller's moving parts during operation.
- If you experience any unusual noises or resistance while using the bullet puller, stop immediately and inspect the equipment.
- Do not attempt to modify or repair the bullet puller or collets. Contact a qualified professional for repairs.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Attach the bullet puller to the reloading press by screwing it into the 7/814 mounting thread.
- Select and install the appropriate collet for the bullet caliber you are working with. Ensure it is securely fitted into the puller body.

2. Usage:

- Place the cartridge into the bullet puller with the bullet facing upwards.
- Pull the handle of the reloading press down to engage the collet and grip the bullet.
- Continue to pull down until the bullet is extracted from the cartridge case.
- Release the handle and carefully remove the cartridge case from the puller.
- Inspect the bullet and cartridge case for any damage before reuse.

Disposal Instructions

- Dispose of any damaged or unusable bullet puller components in accordance with local regulations for hazardous materials.

- Do not dispose of the product in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the BULLET PULLER COLLET RCBS 9.3MM, please reach out to your local RCBS representative or retailer.

By following these guidelines and instructions, you can ensure the safe use of your BULLET PULLER COLLET RCBS 9.3MM. Always prioritize safety and stay informed about best practices in ammunition handling and reloading. Thank you for your attention to safety.
