Safety Instruction Guide for TURRET PRESS

Introduction

Thank you for choosing the TURRET PRESS. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the press to avoid accidents and injuries.

General Safety Guidelines

- Always read and understand the user manual before operating the TURRET PRESS.
- Ensure that the workspace is clean and free of obstructions to maintain a safe environment.
- Use the press only for its intended purpose as described in the manual.
- Keep the press out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the press.
- Do not operate the press if you are tired, under the influence of drugs or alcohol, or if you feel unwell.
- Regularly inspect the press for any signs of wear or damage before use. Do not use the press if any components are damaged.
- Follow all local laws and regulations regarding the reloading of ammunition.

Specific Safety Precautions for Use

- Ensure the press is securely mounted on a stable surface to prevent tipping or moving during operation.
- Always use the correct dies and accessories that are compatible with the TURRET PRESS.
- Do not exceed the recommended production output. Monitor your pace to avoid fatigue.
- Keep hands and clothing clear of moving parts to prevent entanglement or injury.
- Use the primer safety tube and primer catcher to minimize the risk of primer-related accidents.
- Never leave the press unattended while in operation.
- If you experience any malfunctions or unusual noises, stop using the press immediately and consult the manual.

Instructions for Installation and Usage

1. Installation

- Choose a sturdy, stable workbench or table for mounting the TURRET PRESS.
- Use the provided hardware to securely attach the press to the work surface.
- Ensure that the press is level and does not wobble when in use.

2. Usage

- Select the desired mode of operation: single stage or progressive.
- For singlestage reloading, install the appropriate die for the cartridge you are reloading.
- For progressive reloading, set up the turret head with the necessary dies and accessories.
- Adjust the ball handle for right or lefthanded use according to your preference.
- Begin reloading by following the specific steps outlined in the user manual for your chosen mode.
- Monitor your progress and ensure that all components are functioning correctly throughout the reloading process.

Disposal Instructions

- Dispose of all packaging materials responsibly. Recycle where possible.
- Follow local regulations for the disposal of spent primers and other waste materials generated during the

reloading process.

- Do not dispose of any electronic components or batteries in regular waste. Check for local ewaste disposal programs.

Contact Information for Further Support

For any questions or concerns regarding the TURRET PRESS, please refer to the manufacturer's contact information provided in the user manual. It is essential to have access to support for any safety inquiries or product issues.

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with your TURRET PRESS. Always prioritize safety and stay informed about best practices in ammunition reloading.
