

# 9000GN AUTO-INDEXING SHOTSHELL RELOADER - 9000GN PROGRESSIVE SHOTSHELL PRESS 20GA 2-3/4"

[Reloading](#) > [Reloading Presses](#) > [Shotshell Presses](#)

The 9000GN has all the innovative features found on the 8567N Grabber, plus automatic indexing and finished-shell ejection for quicker and easier reloading. Dropping the primer into the reprime station no longer requires operator "feel". The 9000GN requires only a minimal adjustment from low to high brass domestic shells and shells can be removed for inspection from any station. MEC's revolutionary Auto-Dex automatically moves the shells through each reloading stage by simply returning the handle to the top of its stroke. Accurately resized shells are achieved with each stroke.

## Attributes

- Name: [9000GN PROGRESSIVE SHOTSHELL PRESS 20GA 2-3/4"](#)
- Manufacturer: [MEC RELOADING](#)

# 9000GN AutoIndexing Shotshell Reloader Safety Instruction Guide

## Introduction

Thank you for choosing the 9000GN AutoIndexing Shotshell Reloader. This guide provides essential safety instructions to ensure your safe use of the product. Please read and understand all safety guidelines before using the reloader.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the reloader out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, while operating the reloader.
- Regularly inspect the reloader for any signs of damage or wear before use.
- Do not modify the reloader or use any unauthorized accessories.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from moving parts during operation.
- Risk of eye injury from ejected shells or debris.
- Risk of burns from heated components.

- **Avoiding Hazards:**

- Always keep hands and clothing clear of moving parts.
- Ensure the reloader is on a stable surface to prevent tipping.
- Do not operate the reloader while under the influence of alcohol or drugs.
- Use the reloader in a wellventilated area to avoid inhalation of any dust or fumes.

- **AgeSpecific Warnings:**

- This product is intended for use by individuals aged 18 and older.
- Ensure that younger users are supervised by a responsible adult at all times.

## Instructions for Installation and Usage

- **Installation:**

1. Place the reloader on a sturdy, flat surface.
2. Ensure all components are securely fastened according to the manufacturer's instructions.
3. Connect the primer and powder systems as per the user manual.

- **Usage:**

1. Before starting, ensure all safety precautions are observed.
2. Load the primer into the reprime station carefully, avoiding direct contact with the primer.
3. Place the shotshell into the appropriate station.
4. Pull the handle smoothly to cycle the reloader, allowing the AutoDex feature to function.
5. Inspect the finished shells for any defects before use.

6. After reloading, remove any unused components and clean the reloader.

## **Disposal Instructions**

- Dispose of any used or defective components in accordance with local regulations.
- Do not dispose of hazardous materials in regular household waste.
- Contact local waste management authorities for proper disposal methods of reloading components.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and operation of the 9000GN AutoIndexing Shotshell Reloader, please refer to the manufacturer's contact information provided in the product packaging or user manual.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy your reloading experience with the 9000GN!
